PROJECT DESCRIPTION

This is a request for an Extension of Time of an approved Waiver (WVR-6682) of Title 18.12.105 that allowed a 14 foot private drive width where 24 feet is the minimum required and to allow a private drive length of 665 feet where 200 is the maximum allowed; and a Waiver of Title 18.12.130 to allow a private drive, which terminates at a length of over 150 feet to not end with a circular turn around or emergency crash gate on 3.42 acres at 1536 North 22nd Street and 1537 North 23rd Street.

ANALYSIS

This is the first Extension of Time for the subject Waiver (WVR-6682), which was approved by the City Council on 02/15/06. There was an associated Variance (VAR-6681) and Tentative Parcel Map (TMP-6478). A Vacation (VAC-10553) was recently approved. The applicant indicates that they are waiting for the final map to record. The final map was submitted for review on 04/07/06, but has not been finalized. The Civil Improvement Plans were submitted on 06/06/06, but have not been finalized. Therefore, the Extension of Time can be supported to allow for additional time for the final map to record.

Previous Conditions of Approval from Waiver (WVR-6682)

1. All development shall conform to the Conditions of Approval for Variance (VAR-6681)
2. All City Code requirements and design standards of all City departments must be satisfied.
3. Meet with the Fire Protection Engineer Section of the Department of Fire Services prior to submittal of a Tentative Map for this site. The design and layout of all onsite private circulation and access drives shall meet the approval of the Department of Fire Services.

FINDINGS

As there have been no notable changes on the site since the approval of the original application, staff has no objection to this request for an Extension of Time. The subject Extension of Time will allow enough time for the final map to record. A condition of approval has been added, which recommends that the extension be allowed for one year or until such time as another Extension of Time application is approved.
