RE : Proposed Mix Use Project on Charleston Blvd.,
between Ninth and Tenth Streets

Dear Councilman Reese:

As a long time property owner (November 1985) in the area of the proposed project, I wanted to express my feelings regarding the project.

It has been our experience over the past 21 years, especially after dark, that the character of our neighborhood vastly changes. At various times we have had homeless enter our building through a back door ; we have found vagrants sleeping behind our dumpster ; we have found their "belongings", shopping carts, etc., strewn over our parking lot ; these people have defecated in our parking lot, between our buildings, and have even smeared waste material on our office windows ; and, on a regular basis, have found condoms used to transport heroin in our parking lot.

The only way, in my opinion, this situation will improve, is to upgrade the area and have people live and work in the area. As such, I heartily endorse this project. Further, I applaud your efforts, as well as Mayor Goodman's, to accomplish that goal.

Very truly yours,

CARL F. PIAZZA, ESQ.
