Redevelopment Plan Area

No additional development standards are placed on the project as a result of its inclusion in the Redevelopment Plan. Rather, this designation simply targets the property for increased development efforts and improves access to assistance in redevelopment.

West Las Vegas

The subject property is located on the edge of the West Las Vegas plan area. This plan focuses mostly on the revitalization of residential areas in the heart of Las Vegas, but its objectives also emphasize the importance of re-investing in deteriorating commercial centers and creating an interesting urban environment. Increasing density and the mixing of uses is also a focus of the plan.

Airport Overlay District

The subject property is located within the North Las Vegas Airport Overlay District which restricts the height of buildings to 140 feet. The proposed development, at 246 feet, exceeds this height. However, a Special Use Permit (SUP-13903) has been submitted to allow relief from this requirement.

Pioneer Trail

The Pioneer Trail is an existing trail that runs along West Bonanza Road at the northern edge of the property. No additional requirements will be placed on the applicant as a result of this trail.

ANALYSIS

A) Zoning Code Compliance

A1) Development Standards

Pursuant to Title 19.08, the following Development Standards apply to the subject proposal:

Standards	Required	Provided	Compliance
Min. Lot Width	100 Feet	244 Feet, 1 Inch	Y
Min. Setbacks			
• Front	20 Feet	10 Feet	N
• Side	10 Feet	10 Feet	Y
• Corner	15 Feet	10 Feet	N
• Rear	20 Feet	11 Inches	N
Max. Lot Coverage	50%	39.2%	Y
Max. Building Height	140 Feet	246 Feet / 18 Stories	N

The subject proposal does not meet all applicable development standards. A Variance (VAR-13900) has been submitted for relief from the front, corner side, and rear yard setbacks, and a Special Use Permit (SUP-13903) has been submitted to allow for a 246-foot building in the North Las Vegas Airport Overlay District. These standards are discussed in more detail in those reports.

B) General Analysis and Discussion

The northeast corner of the subject parcel is currently zoned C-2 (General Commercial). Additionally, the property immediately to the west is currently designated C-2 (General Commercial). As such, Staff supports this request as current and future development reflects the characteristics of the requested zone. The only R-E (Residence Estates) zone remaining in the immediate area is across Bonanza and is currently a vacant lot.

FINDINGS

In order to approve a Rezoning application, pursuant to Title 19.18.040, the Planning Commission or City Council must affirm the following:

1. The proposal conforms to the General Plan.

The site is designated as Commercial in the Downtown Redevelopment Plan. The proposed zoning is compliance with this designation and with the surrounding area.

2. The uses which would be allowed on the subject property by approving the rezoning will be compatible with the surrounding land uses and zoning districts.

As much of the surrounding property is already zoned for commercial development, this rezoning is consistent and compatible with surrounding land uses and zoning districts.

3. Growth and development factors in the community indicate the need for or appropriateness of the rezoning.

This area is designated for commercial development in the Redevelopment Plan, thus indicating that the anticipated form of growth in the area will be of a commercial nature. As such, this zoning change is appropriate and warranted.

4. Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed zoning district.

The site is served by West Bonanza Road (a 100-foot primary arterial) and North Martin Luther King Boulevard (a 100-foot primary arterial). These facilities will be adequate to accommodate the proposed development. It should be noted that 10 feet of right-of-way along these roads will be dedicated for widening purposes.
