

Dear City Council:

11-12-06

I am the owner of a c-store called Munchies that is located at 6390 West Lake Mead, and I recently hired Clayborn Ellis. Clayborn was unable to obtain a work card even though he already had an expired one. Clayborn made me aware that he had prior arrests and that he would appeal. I sent Clayborn to L.V.M.P.D. to get a scope done. I am now aware of the convictions from his past. It also stated that he was able to obtain a work card previously for a 7-11 and Terrible Herbst. I believe that Clayborn can be an asset to my company. I strongly believe that Clayborn should receive a work card to become an employee of my store. Thank you.

Sincerely,

Jason Olenak
Owner Munchies
