CITY CLERK

Re: SUP-16750

Dear City Clerk

I am opposed to this special use permit. There is already a massage business in the area, as well as a pawn shop, a quick loan business, a bar & other small businesses.

We don't need to develop a Honky-Tonk area in the neighborhood. Zoning laws were put in place for a purpose, if they get wavered to change the make up of the area, what's the purpose of the zoning in the first place.

Thanks you
Clifford E Norton
