

Alan Jeskey Builders, Inc.

Project name The Kids Room

Alan Jeskey Builders proposes to add on 3,225 sq.ft.of storage space to existing building.

The new building is to be built in back of the existing store. Job will consist of removing asphalt to set up soil for footings and slab. All structural Items to done. Before footings and slab are poured. Between the existing building, and new building. It will have a minimum of a 3 hour fire rated door. The New building will match existing building and the new building will be used for storing furniture.

New building will consist of Masonry blocks. All work will be done per Building Department codes. Building will be one story only. New Building will be painted to match Existing Building. We request a waiver on the landscaping at this time. Landscaping will not be removed from site. A second handicap space will be added to the parking lot in front of the store.

Thank You

Randy Daniel
