**** CONDITIONS ****

The Planning Commission (7-0 vote) and staff recommend APPROVAL, subject to:

Planning and Development

1. A General Plan Amendment (GPA-18374) to a SC (Service Commercial) land use designation approved by the City Council.
2. A Resolution of Intent with a two-year time limit is hereby granted.
3. A Site Development Plan Review (SDR-18376) application approved by the City of Las Vegas is required prior to issuance of any permits, any site grading, and all development activity for the site, if approved.

Public Works

4. Remove all substandard public street improvements, if any, adjacent to this site and replace with new improvements meeting current City Standards concurrent with on-site development activities. All existing paving damaged or removed by this development shall be restored at its original location and to its original width concurrent with development of this site.
5. Contact the City Engineers Office to coordinate the development of this project with the Coran Rancho Vegas Sewer Rehabilitation project and any other public improvement projects adjacent to this site. Comply with the recommendations of the City Engineer.
6. Meet with the Flood Control Section of the Department of Public Works for assistance with establishing finished floor elevations and drainage patterns for this site prior to submittal of construction plans, the issuance of any building or grading permits or the submittal of a map subdividing this site, whichever may occur first. Provide and improve all drainage ways as recommended.

**** STAFF REPORT ****

PROJECT DESCRIPTION

This is a request for a Rezoning from: R-E (Residence Estates) to C-1 (Limited Commercial) on 0.79 acres adjacent to the south side of Lake Mead Boulevard, approximately 420 feet east of Decatur Boulevard. The subject site will be contiguous among similar development. In addition, to the west is the intersection of Decatur Boulevard and Lake Mead Boulevard which contain developments that are predominantly the same or higher in intensity than the proposed use. Therefore, staff recommends approval.

ANALYSIS

The request is for a Rezoning from General Plan Amendment from R-E (Residence Estates) to C-1 (Limited Commercial) The subject site is currently vacant. The proposed C-1 (Limited Commercial) zone would be in conformance to the General Plan with approval of the related General Plan Amendment (GPA-18374).

Although there are single family residential uses adjacent to the site, to the west is the intersection of Decatur Boulevard and Lake Mead Boulevard which contain developments that are predominantly the same or higher in intensity than the proposed use. They are also buffered by the developments proposed landscaping and Lake Mead, a 100-foot Primary Arterial to the north of the site, which the site gains access.

FINDINGS

In order to approve a Rezoning application, pursuant to Title 19.18.040, the Planning Commission or City Council must affirm the following:

1. The proposal conforms to the General Plan.

The proposal requires a General Plan Amendment (GPA-18374) for the property. The proposed C-1 (Limited Commercial) zone would be in compliance with the proposed SC (Service Commercial) Land Use designation. The General Plan Amendment is supported by staff as a commercial development is considered appropriate for this location.

2. The uses which would be allowed on the subject property by approving the rezoning will be compatible with the surrounding land uses and zoning districts.

The C-1 (Limited Commercial) zone is intended to provide most retail shopping and personal services. As the property is proposed to front Lake Mead Boulevard, a 100-Foot Arterial Right of Way, the subject site will be contiguous among similar development. In addition, to the west is the intersection of Decatur Boulevard and Lake Mead Boulevard which contain developments that are predominantly the same or higher in intensity than the proposed use.

3. Growth and development factors in the community indicate the need for or appropriateness of the rezoning.

The growth and development factors indicate a need for commercial development. This project would be a benefit to the areas as it would infill an undeveloped parcel in a mature area of the city.

4. Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed zoning district.

Lake Mead Boulevard, a 100-Foot Primary Arterial is sufficient to meet the access needs of the proposed zoning district.
