RE: Special Use Permit for Essence of Thai Restaurant  
4105 W. Sahara Avenue, Las Vegas, Nevada

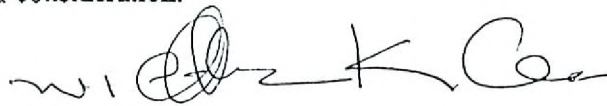

To Whom This May Concern:

Please accept this letter as my request to be granted a special use permit for the sale of beer and wine at my restaurant Essence of Thai Restaurant located at 4105 W. Sahara Avenue.

I opened my restaurant several months ago and though the business covers the overhead, I need to build on the business in order to stay afloat. The customers that come into the restaurant ask if we serve beer and wine with the meals on a regular basis. I feel that if I had a license for beer and wine sales, I could probably increase my business tremendously. If I am not granted a license, I believe I will be forced to close the business due to the lack of income I am receiving. As you are probably well aware, the restaurant business is one of the hardest to succeed with if you can't keep up with the competition. If I can't offer beer and wine to my customers with their meals, they may move on to another restaurant which can.

I appreciate your consideration.

Sincerely,

Wichitra Gee, President  
Essence of Thai Restaurant, Inc.
