RE: Var-17244

Ross

Dear Barbara, Council ~~Mack~~, Pro-Mayor Gary Reese and Beloved Mayor Oscar Goodman. My name is Roger J. Schafer of 6821 Jeanette Street, Las Vegas 89131 and the attached Request for a Notice of Hearing is why this letter which I hoped will be recognized and addressed during the Meeting January 17, 07 at 1:00 P.M.

Unfortunately I will be at work and unable to attend yet I do have several concerns as well as questions for the proposed Variance Changes and how they may effect myself, neighbors and the area itself.

Protest

Question Number 1) Will they have City Water and/or will the be on Well.
IF Well: Then has a recent study by an independant licensed Well Person taken current readings on the level of the well water and will it support these additional people. After all water is a huge concern and thus allowing twice as much residents will have a severe impact and will deplete at an accelerated rate. A HUGE PART WHY THE INTIAL CODES/RULES are in Place prior.

Question Number 2) What will be the square footages of these proposed homes along with the lot size of each one?? Plus the Value of these proposed homes for none of wish to see our current/exsisting home drop in appraised value.

Question Number 3) When is the proposed construction to begin and also a tentative time along when the project should be fully completed?? Also would like to know the hours of operation and will it have an impact on my quality of life and health in terms of "DUST" and noise?

These are indeed concerns and questions which are very important and hopefully have been discussed. "IF" they have not since I will unable to attend hope that all of these questions and concerns will be investigated by the proper industry especially where the water is concerned...IF its city water and not well then of coarse do fully understand and no need to answer other than "City Water".

However "IF" its going to be well water I fully expect a current reading and/also an independant research to see if we are capable of handel a 200% percent increase in water use verses what would be half if this variance is not approved.

I will state that this is directly in my backyard and will indeed have an impact and understand the need and development however they intial reasons these previous/current rules have been put in place is for all of us to follow <as we all have> and to ensure that all of us have the resources to live the lifestyle which we have and should be entitled to live.

Will appreciate your response and feel free to address it directly to me as well as the results of the soon to take place meeting and the final results.

Respectfully,

Roger J. Schafer

RE: Var-17244

Dear Barbara, Council Ross, Pro-Mayer Gary Reese, Charlie Kajkowski and the Best Mayor Ever Oscar Goodman. I, Roger J. "Derby" Schafer wish to thank you for the correspondances on the issues regarding the Variance 17244 and was especially impressed that Dave Clapsaddle Director of Planning from GCGARCIA stopped my home today.

Mr. Dave Clapsaddle answered not only my concerns and issues fully yet also my neighbors. We are all extremely happy with what we were told especially the water issue and the size/pricing of the homes.

Thus am writing this letter to "THANK YOU" Each and Every One including Mr. Dave Clapsaddle for not only answering our questions and concerns yet also ensuring us that our homes and the water will not be in jeopardy of any nature.

I was Greatly impressed by this measure of taking the time and bringing over the plans and various stages along with being able to answer each and every question and past concern. Thus am writing this letter to let you know that we are all greatly happy and also a great concern of the unknow has now been answered and ensures that this project will be what I call a "Win-Win" good for all.

At this time I also would like to say how impressed I am by the Greatest Mayor Ever "Oscar Goodman" taking the time to write back and respond and did also Charlie Kajkowski Director of Public Works as well.

Not only do we live in the Worlds Greatest City we also have the Greatest Mayor , Council and Staff. Thus I do fully approve and look forward to the develop being completed as planned and Once again wish to Say "Thank You One and All."

With the Greatest Respect

Roger J. "Derby" Schafer
