**RE: SUP-19296**

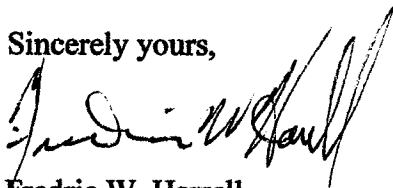

Beverly K. Bridges:

With all due respect, why bother sending this "Notice of Public Hearing" to anyone but the City Council and the applicant? Given the fact that "auto title loan" establishments seem to be blighting every quarter of the city, approval seems to be nothing more than a cursory hearing and a rubber stamped APPROVED on the application. I can only ask do we need another title loan business?

I realize that your position as Acting City Clerk is to duly note these matters for the record. So, for the record please note that I am opposed to any approval of a waiver of the 200 foot minimum distance separation requirement from residential zoned property at 1990 North Rainbow Boulevard. And, I hope that the City Council will soon support an ordinance to limit the number of businesses of this type.

Thank you for entering my objection to SUP-19296 into the record.

Sincerely yours,

Fredric W. Harrell
