City of Las Vegas Bills

- SB 90- City Representative on Homeland Commission – Passed out of both houses, awaiting signature from Governor.

Other last minute Bills of interest

- AB 598 – authorizes creation of Theme Park Districts – Arena District amendment was proposed on this bill that was harmful to Redevelopment efforts and original Theme Park bill was problematic for TIF districts – Arena District Amendment was not successful in Ways and Means and Theme Park Bill was put on Secretaries desk in the Senate and not voted upon and thus died.
- AB 629 – Appropriations Bill that includes \$20K for preservation of Historic Buildings at Floyd Lamb Park – Passed both houses awaiting approval of the Governor.
- AB 604/ SB149 - An attempt was made to amend the language of SB 149 that changed the election dates of Cities to coincide with County election dates. The amendment attempt was not successful – SB 149 had previously failed to make passage of the committee of the second house – the issue of changing the election dates did not survive the Legislative Session.
