**Reference: Request for Variance of minimum 5 acre requirement for RPD  
Justification Letter  
Lake Mead / Rock Springs  
APN # 138-22-701-009**

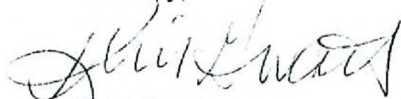

To Whom It May Concern:

On behalf of our client, Centex Homes, we respectfully submit this letter of justification for a Variance of the minimum requirement of 5 acres for RPD zoning for a proposed 65 lot single family project called "Lake Mead / Rock Springs" located on approximately 4.91 gross acres.

At this time we are requesting a variance of the required minimum 5 acres for RPD zoning. Currently, the proposed subdivision is located on a vacant parcel that is located in between a school and commercial subdivision. As the parcels to the North, South and West are developed, there is no additional acreage available to fulfill the requirement of the minimum of 5 acres. Centex Homes is committed to working with the City of Las Vegas and the community and respectfully request your approval of our minimum 5 acre variance.

Please place the attached request on the April 12, 2007 Planning Commission agenda. If you have any questions or require additional information, please contact me at 254-1480 (office) or 300-2912 (cell).

Sincerely,

Kris Givant  
Project Coordinator
