Re: SDR-20794

To Whom It May Concern:

We are opposed to the development plan review for a 6000 sq. ft. 14 bed addition to the existing hospital.

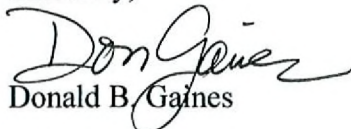

Our property is next door and shares the same ingress and egress. Our property is a 312 unit senior citizen complex. Additional traffic into an already congested complex of residential office and medical uses will be a detriment to our senior population.

If there is access from Hinson Street for the visitors and employees of the proposed facility and we were assured that parking is not an issue we would be willing to review the proposed plan and keep an open mind on the subject.

At present, we do not have a site plan indicating where the facility will be constructed or how it will be accessed.

I can be reached at (858) 759-9221 if the owners of the facility or the members of the planning commission wish to discuss my objection.

Sincerely,

Donald B. Gaines
