**\*\* STAFF REPORT \*\***

**PROJECT DESCRIPTION**

This is a request for a Special Use Permit for a proposed Gaming Establishment, General Business Related in the Las Vegas Arts District, one of three within the proposed building at 4 Charleston Boulevard. For clarity, this report refers to the westernmost tenant space within the building. It is marked on the submitted colored floor plan as Urban Lounge 3.

The proposed establishment meets all Title 6 and Title 19 requirements for gaming. Staff therefore recommends approval of the Special Use Permit.

Projects located within the Las Vegas Downtown Centennial Plan area are not subject to the automatic application of parking requirements. However, the above table illustrates the requirements of an analogous project in other areas in the City. Parking for Urban Lounges is determined on a case-by-case basis. General Business-Related Gaming does not require any additional parking beyond what is required by the principal uses on the site. Parking area onsite is limited; uses at this site will rely heavily on offsite parking and walk-up traffic.

*Per Title 19.04.010 and Title 6.40, the following standards apply:*

Urban Lounge Requirements	Bar Seats	Lounge Seats (Required: 2 per bar seat)	Ratio Lounge Seats to Bar Seats	Slot Machines (Max. 5 machines)
Urban Lounge #1	13	29	2.23	5
Urban Lounge #2	12	46	3.83	5
Urban Lounge #3	15	32	2.13	5

**ANALYSIS**

Title 6.40.140 allows establishments licensed as urban lounges to operate no more than five slot machines, but only if the slot machines have been approved by means of a Special Use Permit for a General Business-Related Gaming Establishment. This term is defined in Title 19 as a building or structure which is primarily used for some business other than gaming but in which restricted gaming is permitted pursuant to Title 6. There are no base requirements for approval of a Special Use Permit; rather, requests are considered on a case-by-case basis.

The gaming establishment that is the subject of this request is a proposed urban lounge within a proposed building containing two additional urban lounges. The proposal is for each lounge to operate five bar-top slot machines. The three lounges are not connected directly to each other, but are linked by a common hallway at the rear of the tenant spaces; this hallway leads to shared restroom facilities. The Department of Building and Safety has no objections to the proposed buildings exiting plan and shared ADA restrooms in concept. Full conformance to the 2006 International Building Code will be determined at the time of plan check for permits. Each lounge will be treated as a separate leasehold and will at no time together be considered as one establishment.

## FINDINGS

In order to approve a Special Use Permit application, per Title 19.18.060 the Planning Commission and City Council must affirm the following:

- 1. The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

The proposed Gaming Establishment, General Business-Related use is compatible with the three urban lounges proposed within the subject building and with other uses on surrounding properties zoned C-2 (General Commercial) and C-M (Commercial/Industrial). The project is located within the Las Vegas Arts District, where uses such as these are encouraged.

- 2. The subject site is physically suitable for the type and intensity of land use proposed.**

The existing building will be demolished to make way for a proposed building that will accommodate three urban lounges, a restaurant and offices. Parking meets code requirements, but may not be adequate to address the needs of all potential customers.

- 3. Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

The site is accessed from a 20-foot wide alley with access to Main Street (a 100-foot Primary Arterial) on the west and Casino Center Boulevard (an 80-foot Secondary Collector) on the east. These facilities are adequate in size to meet the requirements of the proposed Gaming Establishment, General Business-Related use.

- 4. Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

The proposed Gaming Establishment, General Business-Related will be subject to regular inspection for licensing purposes and will not compromise the public health, safety and welfare.

- 5. The use meets all of the applicable conditions per Title 19.04.**

There are no conditions applicable to the Gaming Establishment, General Business-Related use in Title 19.04. The proposed establishment proposes five slot bar-top slot machines, the maximum allowable for urban lounges per Title 6.40.
