RE: APN # 139-32-002 – Proposed Three Story Building

To Whom It May Concern:

I/we have had a chance to speak with the design team working on the three story professional office building to be located at 600 Tonopah.

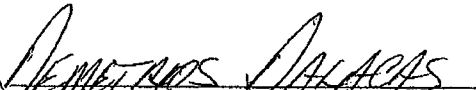

They have discussed with me the residential set back restriction and height restriction that currently exist.

As a property owner adjacent to or near the proposed development I / we have no objections to the design team's request for variance from the residential set back restriction and variance from the height restriction.

Respectfully,
