Please Please Please do not approve  
VAR-22090. When the R-PD3 zone was  
approved, everybody in our area lost a lot of  
time at work, and we all worked together  
to achieve conditions of approval that were  
good for us and any developer that purchased  
this property. Everybody involved agreed that a  
9 foot tall block wall fence on the west  
end of the entire property and at least 20 foot  
setback to that wall was acceptable.

I can not afford to loose any more work time to keep returning to mid day meetings trying to keep our previous work and agreements upheld. please accept this 2 page fax as my formal plea to have you appose the change regarding the 20 foot setback.

The eight foot wall is fine as long as the nine foot wall on the west is still going to be built.
