

Petition for denial of a special permit for a pawn shop/paycheck loan business. It will be located on the NW corner of Durango/Centennial Pkwy. Not compatible for the area or necessary due to the fact that there is a similar business located just down the road from this location.

Comments: Hey there, first of all you are doing a great job at keeping us informed. I live in Timberlake. If you ask Sheila about me she may know me:o) I am pretty pleased about the on going development in the area. It is certainly happening quickly. ~~I have a few concerns~~ about some of the businesses such as cash places going in around here. I hope you don't let get too out of hand. Those places bring trouble to our neighborhoods. Responsible residents do not need them. I am also concerned about having too many apartments going in. Sometimes I feel like the getto is coming into our neighborhoods. We also own a home at the Centennial Hills Dev. at Campbell and Dorrell. There has been a ton of riff raff up there since we moved there in 2004 which is why we left there. Right we didn't go very far. I am certainly not a snob, just someone who's 9 year old is seeing too much and it is too close to home. He is afraid to go to middle school from seeing all the grafitti and "scary" teenagers around. I lived in apartments when I was younger and single. People are different now. All I ask is please plan this area wisely. You have the power. Just know how many people there are in this area already. A brand new school over crowded from the beginning. Timberlake is being re zoned for next year. My son has been a Darnell since Kindergarten and now has to change schools in the fourth grade. I know it is growth but we still need to use our heads. I know you understand me. I hope you remember me as the next business comes to you as well as another developer wanting to build more apartments or high density homes, attached, you know what I mean. I would hate to see this area turn into you know what too soon. From the day we moved over here I pictured Durango Drive to look like Maryland Parkway. If we don't be careful it will. Thank You for your time and keep up the good work!!!Kris Rucker
