1. The limits of this Petition of Vacation shall be defined as a portion of the southern half of Deer Springs Way, between Catalina Village Street and Doe Brook Trail.
2. Also, the plan shall show how Deer Springs Way will be realigned to provide continuous access to Doe Brook Trail. Such plan shall be approved by the City Engineer prior to the recordation of the Order of Vacation or the submittal of any construction drawings adjacent to or overlying the area requested for vacation, whichever may occur first.
3. Dedication for the realignment of Deer Springs Way shall record concurrently with this Petition of Vacation unless otherwise allowed by the City Engineer.

If applicable, a five foot wide easement for public streetlight and fire hydrant purposes shall be retained on all vacation actions abutting public street corridors that will remain dedicated and available for public use. Also, if applicable and where needed, public easement corridors and sight visibility or other easements that would/should cross any right-of-way or easement being vacated must be retained.

8. If the Order of Vacation is not recorded within one (1) year after approval by the City of Las Vegas or an Extension of Time is not granted by the Planning Director, then approval will terminate and a new petition must be submitted.

**PROJECT DESCRIPTION**

This is a Petition to Vacate a portion of Deer Springs Way west of Doe Brook Trail. This section of Deer Springs Way will be realigned further north to connect with Doe Brook Trail at the southern edge of the approved Great Mall of Las Vegas project, diverting traffic away from existing residential neighborhoods.

The petition does not result in a conflict with any existing City requirements. Staff therefore recommends approval.

**DESCRIPTION**

The Petition proposes to vacate a portion of the South Half (S½) of Deer Springs Way, forty feet (40) wide, commencing at the west right-of-way line of Doe Brook Trail, extending westerly approximately two hundred sixty three feet (263), including spandrel areas and a radius curve; said property being a portion of the Southeast Quarter (SE¼) of the Southeast Quarter (SE¼) of the Northeast Quarter (NE¼) of Section 20, Township 19 South, Range 60 East, M.D.M.

**ANALYSIS**

Condition Number 21 of the approved Great Mall of Las Vegas project (SDR-10126) requires a Petition of Vacation to be approved (in part) for Deer Springs Way adjacent to Assessors Parcel Number 125-20-601-003, which is currently bounded by Grand Montecito Parkway on the west, Deer Springs Way on the south and Doe Brook Trail on the east. The new alignment will divert traffic to the north of single-family residences on the south side of the existing Deer Springs Way alignment and the Timberlakes development east of Doe Brook Trail. Currently there is a turnaround on Deer Springs Way at Doe Brook Trail. Deer Springs Way continues eastbound past the gates at this intersection.

**FINDINGS**

Vacation of the existing right-of-way will allow for the realignment of Deer Springs Way as proposed through the Great Mall project. No public access to any adjacent parcel will be impeded; however, the applicant will be required to show how the requested right-of-way would be incorporated into adjacent parcels so as not to create a no-mans land. There will not be any reduction in the capability of Deer Springs Way to handle traffic, as the new street will be dedicated to the standards as proposed by the developer of the Great Mall property. The new Deer Springs Way alignment will be dedicated concurrently with the recordation of this Order of Vacation. Approval is therefore recommended.

The Department of Public Works presents the following information concerning this request to vacate certain public street rights-of-way:

- A. Does this vacation request result in uniform or non-uniform right-of-way widths? *It will result in a uniform width, as it will maintain the same width, but Deer Springs Way will be realigned north of its current location.*
- B. From a traffic handling viewpoint, will this vacation request result in a reduced traffic handling capability? *No, since the same right-of-way width will be maintained.*
- C. Does it appear that the vacation request involves only excess right-of-way? *No, it is to realign Deer Springs Way to coincide with adjacent development plans.*

- D. Does this vacation request coincide with development plans of the adjacent parcels? *Yes, the Great Mall, SDR10126.*
- E. Does this vacation request eliminate public street access to any abutting parcel? *No.*
- F. Does this vacation request result in a conflict with any existing City requirements? *No.*
- G. Does the Department of Public Works have an objection to this vacation request? *No.*
