RE: Clark High School Portable Addition

Dear Mr. Whitright:

According to the terms of the Open Schools/Open Doors agreement dated September 19, 1996, the Clark County School District will permit the City of Las Vegas permission to place another portable building at Clark High School.

It is understood that this building will be placed on-site for the purpose of conducting Community Crime Prevention Programs sponsored by Clark Community School.

The City has the authority to place additional portables on district property with prior consent. Please let this letter serve as the District's consent to enter upon, and establish a portable building at Clark High School.

Please coordinate the installation of this portable with the site administrator, Ronnie Smith at 799-5800 and the Facilities Services Region Representative (FSRR) Joe O'Brien at 378-7021.

The City will be responsible for all expenses associated with the installation and operations, and maintenance of this portable building. The District will be responsible for all custodial and utility (power) costs associated with this portable.
