**PURPOSE/BACKGROUND:**
The Las Vegas Valley Water District is the lead agency promoting the creation of a modern mutual aid network whereby public water and wastewater agencies in Nevada have pre-agreed to assist each other in the case of an event that stretches any member agency beyond its capabilities and resources. An earlier version of such a Mutual Aid Agreement was approved by Council on June 6, 2007. However various minor wordsmithing comments have now been received from the member agencies including the inclusion of an added paragraph allowing signatures in counterpart. These changes require the June 2007 agreement to be updated. The approval motion also needs to note that the 2007 agreement supersedes the former agreement first signed August 22, 1995.

**RECOMMENDATION:**
Approval, with notation that the Agreement being approved today supersedes those past mutual aid agreements executed August 22, 1995, and June 6, 2007

**BACKUP DOCUMENTATION:**
