PURPOSE/BACKGROUND:

The residents on Clarkway Drive between Bonanza Road and Washington Avenue have requested traffic studies on their street because of cut-through traffic. A temporary closure was installed on Clarkway Drive at Bonanza Road and then at Washington Avenue and studies were conducted during these closures. As a result of these studies and a hearing by the Traffic and Parking Commission at which residents voiced their recommendations, staff is recommending the permanent closure be installed at Washington Avenue with a crash gate that would accommodate emergency vehicles.
