**\*\* STAFF REPORT \*\***

**PROJECT DESCRIPTION**

This is a request for a Special Use Permit for a Package Liquor Off-Sale Establishment within an existing building at 2301 South Las Vegas Boulevard. The applicant wishes to expand this tenant space to encompass the entire ground floor of this building (2301, 2303, 2305, and 2307 South Las Vegas Boulevard) and to provide a first rate retail operation to serve the local businesses as well as the tourist population.

The subject proposal meets all Title 19.04 standards for Package Liquor Off-Sale Establishment uses. The Downtown Centennial Plan does not have an automatic parking application and the site qualifies as a parking-impaired development; therefore, the provided parking is adequate for the proposed use. Further, this use is compatible with the surrounding area and staff recommends approval.

**DEVELOPMENT STANDARDS**

Title 19.06.060 exempts properties within the Downtown Centennial Plan area from the automatic application of building height limitations, setbacks, lot coverage, residential adjacency, standard landscaping requirements, and standard parking requirements. A comparison of the typical parking requirement and what is provided is detailed below:

*Pursuant to Title 19.04 and 19.10\*, the following parking standards apply:*

Package Liquor, Off-Sale Establishment	5,500 SF	1 Space / 175 SF of GFA	30 Spaces	2 Spaces			**
<b>TOTAL (including handicap)</b>			118 Spaces	79 Spaces			Y ***

\* Title 19.06.060 exempts properties within the Downtown Centennial Plan area from the automatic application of standard parking requirements.

\*\* The site plan and text parking analysis do not indicate the location or the number of disability accessible spaces provided. The parking analysis indicates that there are 79 spaces provided for this development. Pursuant to Title 19.10.010 (G) Table 2, four of the 79 parking spaces provided should be accessible spaces, one of which should be van accessible. A condition of approval has been added to this review requiring the submission of a revised site plan that depicts the location and applicable dimensioning of the accessible spaces.

\*\*\* Pursuant to Title 19.10.010 (C), since the proposed Package Liquor, Off-Sale Establishment use is no more intense than the uses previously approved for the site the development qualifies as a parking-impaired development and no additional parking would be required to site this use at this location.

**ANALYSIS**

The subject site is located on the Southeast Sector Map of the General Plan. The site is designated as C (Commercial) on the Redevelopment Plan Area Map of the General Plan. This category allows for commercial uses that are normally allowed within the O (Office), SC (Service Commercial), and GC (General Commercial) General Plan land use categories. The proposed use is in conformance with the land use designation. The C-2 (General Commercial) zoning district would allow a Package Liquor, Off-Sale Establishment use with the approval of a Special Use Permit and is consistent with the existing C (Commercial) General Plan designation.

The site is within the McCarran International Airport Overlay Map portion of the A-O (Airport Overlay) District. This is an existing commercial site with an overlay height limitation of 175 feet and is in compliance with Title 19.06.080.

The site is also within the G-O (Gaming Enterprise Overlay) District. The intent of this overlay district is to reflect the implementation of the provisions of LVMC Chapter 6.40 and State law that pertain to gaming enterprise districts. The proposed project does not impact, nor is it impacted by the G-O (Gaming Enterprise Overlay) District.

**SUP-25068 - Staff Report Page Five**  
**November 29, 2007 - Planning Commission Meeting**

As previously noted, the subject site is within the boundaries of the Las Vegas Redevelopment Area, with a C (Commercial) land use designation. The proposed use is in conformance with the Redevelopment Plan. Further, the site is within the Beverly/Southridge Neighborhood Plan area at the southwestern edge of the plan boundaries. The neighborhood plan is intended to serve as a set of guiding principles for the area. The proposed project does not directly conflict with any of the stated goals or strategies of the neighborhood plan.

This site is within the Las Vegas Boulevard Scenic Byway Overlay District. In 2001 the State of Nevada designated as a scenic byway the Las Vegas Boulevard Scenic Byway in order to preserve its character as a nighttime urban scenic byway. The intent of the Las Vegas Boulevard Scenic Byway Overlay District is to provide signage standards that will maintain and enhance the scenic qualities of this historic highway in accordance with the scenic byway designation. Due to this the Urban Design Coordinator will have to review and approve any change or addition in signage at this location prior to the issuance of any Building and Safety Department sign permit. A condition of approval has been added to reflect this requirement.

Pursuant to Title 19.06.060 properties within the Downtown Overlay District are exempt from the automatic application of development standards for building height limitations, setbacks, lot coverage, residential adjacency, standard landscaping requirements, and standard parking requirements. Standards for the overlay district are identified within the Downtown Centennial Plan. This site is within the Las Vegas Downtown Centennial Plan boundaries, and is located in the Las Vegas Boulevard district. This district creates the spine for most of the districts of the plan and is the primary linkage for tourist, commercial, and entertainment interests between The Strip and the various districts of Downtown Las Vegas. The Las Vegas Boulevard district is generally defined to include the Las Vegas Boulevard right-of-way and all those properties adjacent thereto with frontage on both the west and east sides of the right-of-way. The proposed project is consistent with the goals and objectives of the Downtown Centennial Plan.

Except as otherwise provided in Requirement 3 below, the distances referred to in Requirement 1 shall be determined with reference to the shortest distance between two property lines, one being the property line of the proposed establishment which is closest to the existing use to which the measurement pertains, and the other being the property line of that existing use which is closest to the proposed establishment. The distance shall be measured in a straight line without regard to intervening obstacles. For purposes

**November 29, 2007 - Planning Commission Meeting**

of measurement, the term property line refers to property lines of fee interest parcels and does not include the property line of:

- a. Any leasehold parcel; or
- b. Any parcel which lacks access to a public street or has no area for on-site parking and which has been created so as to avoid the distance limitation described in Requirement 1.

**\*3.** In the case of an establishment proposed to be located on a parcel of at least 80 acres in size, the minimum distances referred to in Requirement 1 shall be measured in a straight line:

- a. From the nearest property line of the existing use to the nearest portion of the structure in which the establishment will be located, without regard to intervening obstacles; or
- b. In the case of a proposed establishment which will be located within a shopping center or other multiple-tenant structure, from the nearest property line of the existing use to the nearest property line of a leasehold or occupancy parcel in which the establishment will be located, without regard to intervening obstacles.

**4.** The minimum distance requirements in Requirement 1 do not apply to:

- a. An establishment which has a non-restricted gaming license in connection with a hotel having 200 or more guest rooms on or before July 1, 1992 or in connection with a resort hotel having in excess of 200 guest rooms after July 1, 1992; or
- b. A proposed retail establishment having more than 50,000 square feet or retail floor space.

**\*5.** All businesses, which sell alcoholic beverages, shall conform to the provisions of Chapter 6.50 of the Las Vegas Municipal Code.

The proposed use is appropriate for the area and will be located on the ground level of an existing structure previously occupied by various tenants including a tattoo parlor/body piercing studio; a general retail, other than listed; and reflexology business, medical office uses. The nearest alcohol use, a restaurant with a beer/wine/cooler on-sale establishment license, is located north of the property at 2211 Las Vegas Boulevard South. There are no protected uses within the required separation distance.

The proposed Package Liquor, Off-sale Establishment meets the minimum requirements pursuant to Title 19.04 and is compatible with the commercial nature of this area; therefore, staff is recommending approval of this Special Use Permit.

**November 29, 2007 - Planning Commission Meeting**

## **FINDINGS**

In order to approve a Special Use Permit application, per Title 19.18.060 the Planning Commission and City Council must affirm the following:

- 1. The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

As this is within a predominately C (Commercial) area, the subject proposal will be harmonious and compatible with existing surrounding land uses and with future uses as projected by the General Plan.

- 2. The subject site is physically suitable for the type and intensity of land use proposed.**

Package liquor, off-sale establishment at this location will not greatly affect the intensity of uses on the site. Although, the site does not meet the base parking standards staff finds that there is adequate parking on the site to accommodate the proposed use.

- 3. Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

The site is served by Las Vegas Boulevard South (a 100-foot primary arterial). This thoroughfare can accommodate the proposed package liquor, off-sale establishment use and should not negatively impact the adjacent roadways or neighborhood traffic.

- 4. Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

Approval of this request will not compromise the public health, safety or welfare of the general public as regular inspections are a part of the business licensing process and will not jeopardize the overall objectives of the General Plan.

- 5. The use meets all of the applicable conditions per Title 19.04.**

The Package Liquor, Off-sale Establishment use meets all standard conditions that apply pursuant to Title 19.04.
