PitersHome Project

We are approaching to the problems of the homeless in the State of Nevada by developing a unique concept, which calls for design of container units to provide a comfortable living for homeless at the minimum of cost and maximum of comfort.

To achieve this goal, we will need to closely cooperate and collaborate with all individuals, organizations and service providers for the homeless to support our project by sponsoring and donations. This is our invitation to join us in our initiative and efforts for the project realization.

Why we call our PitersHome SMART ?

Because, we will make efforts to use the most advanced technologies available in its construction. Each unit will come with computer, wireless Internet access, and wireless control of appliances, from lights to television, to conserve energy, using environment friendly solutions.

Advanced applications for living in PitersHome of the future are already accepted, more, they are encouraged to help our project.

SMART PitersHome AFFORDABLE HOUSING PROJECT

I am working on development, specifically for the homeless of the State of Nevada, of the unique Smart PitersHome container units project, which will be designed in the Republic of Slovenia, Europe in 2008.

Advance applications are accepted by filing our Rental/Credit Application, which is enclosed.

It is planned that one PitersHome unit will provide comfortable living for 6 people at the maximum cost of US\$60.000,00 which is US\$10.000,00 per person.

I am presently looking for land on which PitersHome prototype unit will be put on, and respectfully donations of land will be appreciated.

At present, I will have available for renting, starting December 1,2007

- 1. One bedroom apartment for two people**
- 2. House (3 bedroom, 2 bathrooms) for renting to 6 people**

at the cost of \$400,00 per month per person with cost of utilities (gas, electric, phone, computer with broadband Internet access) shared. Kindly fill out the application enclosed, and state what you are interested in: PitersHome or renting of apartment and/or house.

Sincerely,

Ivo Plecko, Founder
