Ms. Combs,

I am in receipt of your letter dated August 3, 2007, regarding RQR-14779. My staff has informed me that the matter pertains to deferment of landscaping at the Nevada Power Company Iron Mountain Substation. As the land management agency we appreciate your notifying us of the pending action. The Bureau is not opposed to a further deferment. We believe the City and Nevada Power can best negotiate appropriate action. Staff informs me that Nevada Power is preparing the site plans you require and that the plans will be delivered in a timely fashion. If I can be of further assistance feel free to contact me at (702) 515-5000.
