City Clerk for the City of Las Vegas, Nevada

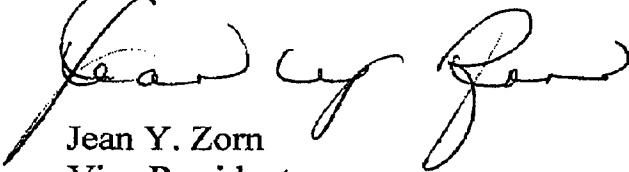

Re: October 3, 2007 -Agenda Item 88
SUP-13490

Please consider this my support for the continued denial of the agenda item noted above appealing billboard approval for signage for applicant/owner First Presbyterian Church of Las Vegas, Nevada.

This neighborhood does not need this type of intrusion and blight on West Charleston Blvd, which has occurred on East Charleston, with its maze of signage and advertising.

Let's keep some of our neighborhoods as neighborhoods and not venues for the commercial dollar.

Yours very truly,

Jean Y. Zorn
Vice President
Rancho Manor Neighborhood Association

Re: Item 88, October 3, 2007 Agenda
Reference: SUP13490

Dear Ms. Bridges:

Please be advised that I am the Neighborhood Association President for Rancho South representing the homes between Valley View, Rancho, and Oakey to Sahara. The Homeowners in those neighborhoods strongly protest the erection of any billboard by the applicant on West Charleston. There was a study done that indicates that this is not an appropriate use of the land and, therefore, please lodge this protest in the name of Rancho South.

Sincerely,

Lynn M. Hansen, Esq.
