## REDEVELOPMENT AGENCY MEETING OF: OCTOBER 3, 2007

### Minutes:

SCOTT ADAMS, Operations Officer of the Redevelopment Agency, explained that Redevelopment Agency Items 4 and 5 are related to City Council Item 50 and are requisite matters for the requested CVIP grant. The two Agency items on this agenda are contingent to approval of Council Item 50. He presented before photos of the property and a rendering of the proposed signage improvements. The application meets all the technical criteria for the grant award, including improvements and matching funds. There are two standards for the program, which are very subjective. One of those is the level of visual improvements and whether this project meets that standard, given that this application is only for signage improvements. The second standard is that there is no other reasonable means of funding available to the applicant. The applicant has executed an affidavit that the improvements will not be made without the Redevelopment Agency finding. However, staff had no recommendation in this matter, leaving the full discretion of whether this application is consistent with NRS requirements to the Agency members.

MEMBER REESE verified with MR. ADAMS that the site is on the Scenic Highway. MR. ADAMS added that there is a more stringent than normal requirement for neon signage along the City by-way. He opined that the applicant is seeking assistance to make the more extraordinary signage improvements.

MEMBER REESE said he was under the impression that 70% of the sign has to be neon. RICHARD PERVIS, Floresco Lighting and Sign, clarified that the code states 70% neon or animation; therefore the letters, which will be neon, meet the requirement of the animation. MEMBER REESE insisted that he wants a sign that is 70% neon and not animated. MR. PERVIS explained that a redesign would have to be done. MEMBER REESE opted to hold this matter for two weeks.

CHAIRMAN GOODMAN suggested to MR. PERVIS that he meet with MEMBER REESE in the interim.

MEMBER BROWN requested more information from MR. ADAMS on the but-for criteria he raised.
