PLANNING COMMISSION MEETING OF: NOVEMBER 8, 2007

GEORGE AND KARLENE CANEPA were present along with JIM SCHILLING, 6880 Jeanette Street. MR. SCHILLING explained that the architectural features of the RV parking and pool cabana would match the design of the main residence. He noted that with the exception of the square footage exceeding the maximum allowance, the property line setbacks are in conformance with code.

COMMISSIONER STEINMAN observed that the size of the proposed structures would be an intrusion to the adjacent neighbors. He stated he could not support the application. MR. SCHILLING explained that although there are a number of lean-to tin structures located within this subdivision, the applicant desired to construct a building that would be aesthetically pleasing. Ms. CANEPA noted that several neighbors had indicated their support for the planned project.

COMMISSIONER TROWBRIDGE asked for details on the setbacks. MR. SCHILLING stated that both the side and rear setbacks meet Code requirements.

CHAIRMAN DAVE PORT declared the Public Hearing.
