Variance
APN #137-12-113-029-032 (lots-29-32)

On behalf of Richmond American Homes, we respectfully request your consideration of the attached Variance for the above-listed parcels.

Location: The proposed site is located on Alexander Road and Cliff Shadows Parkway within Section 12, Township 20 South, Range 59 East.

Background: A Site Development Review (SDR-8581) was approved by City Council on

Request:

At this time, we are requesting approval of a Variance for lots 29-32. The stepped retaining wall system along the rear property line was constructed in the wrong location; we are asking that the rear yard setback be reduced to 7' where 10' is required. Richmond American Homes has met with the Homeowners that occupy lots 24-28 directly behind/below the lots in question. The Homeowners of lots 24-28 would like the two retaining walls to stay where they were built to avoid reconstruction of the walls in their rear yards. Lots 24-28 are currently occupied and some of the lots already have full landscaping in their rear yards.

Please place this request for a Variance on the next available Planning Commission agenda. If you have any questions or need additional information, please call me at 932-6125

Sincerely,

Sonia Macias
Project Coordinator
