PURPOSE/BACKGROUND:

On 3/7/07 Council approved a Cooperative Agreement for a park and ride located near the intersection of Durango Drive and Vegas Drive. The RTC has requested to move the location. This Agreement will supersede the previous agreement on record. The purpose of the agreement is to allow the RTC to build a park and ride and transit facility on City patented property to serve the Valley's public transportation system. As a replacement to the park and ride site currently used for Commercial Drivers License (CDL) training, the RTC has agreed to pave another site of equal size to allow the City to continue to perform this training.
