**ANALYSIS**

This is the first extension of time request for the proposed project. The applicant has made progress on the proposed project through the approval of a new Site Development Plan Review (SDR-11707) and two related Variance (VAR-11712 and VAR-11714) applications on 03/23/06. This has caused a delay in the completion of the project and thus the extension of time applications are requested. Due to the progress that has been made, approval of this request is recommended with a two year extension. Conformance to the conditions of approval for Special Use Permit (SUP-6504) shall be required.
