Dear Mr. Torres:

On behalf of the 300,000 Veterans that reside in the southern Nevada region, I want to thank the City of Las Vegas for your support for the 2007 Las Vegas Veterans Day Parade. Last year we had a huge success and will be doing the same in 2007. We drew nearly 3,000 participants and 20,000 spectators. This year we hope to keep it going in the direction of this year's theme for the Veterans of Southern Nevada. The theme of this years Parade is a Celebration of Service. We will be celebrating all branches of service in our Country. We have people coming from all over our nation to celebrate with us here in Las Vegas. They are all excited about coming and are looking for a good time and I know with the Parade committee and the City of Las Vegas we will show them just that.
