Ref: SUP 11589, Master Sign Plan, (Justification letter)

Sir.

The condition item 16 for the Sup 11589 states that we should submit a master sign plan to get approval from the Planning Commission.

The Commission denied our sign plan at the last July 26th planning commission meeting (case# 22748) despite of that staff recommendation was to approve with certain conditions, indicating that the word "Swapmeet" in our sign plan is not appropriate for the location we are in.

We are re-submitting a sign plan to comply with the opinion of the planning commission, replacing the word "Swapmeet" with "Discount Mall" as suggested by the commission at the last meeting.

Thanks

Hyunja Kang
