

To whom it may concern,

I am requesting a special use permit for my home at 5704 Alta Dr. Las Vegas, NV 89107.

I am currently licensed by the City of Las Vegas to care for six children in my home. I would like to care for seven to twelve children. I often receive calls from parents who would like for their child to come to my home for childcare. I have enough extra space as required by Las Vegas Childcare Licensing for this expansion project, but I first need a special use permit to continue. Special use permit requires 6,500 sq. ft. lot size, we have 6,603 sq. ft. We also have plenty of driveway space for loading and unloading of children from vehicles. Four spaces are required, and we have three 9'x18', and one 22'x18'. It should also be noted that children do not go outside to play after dark.

I have a good relationship with all my neighbors, and they give me their support in my childcare expansion project.

The changes to the property itself would include; desert landscaping in the front of home, small gated courtyard in front of home entry area, and meeting new childcare code requirements in the kitchen as stated from the Childcare agency .

Thank you for your consideration,  
Sincerely,

R. Ann Mallet
