**** STAFF REPORT ****

PROJECT DESCRIPTION

This request is for a Variance to allow a proposed block wall to be six foot in height within the front yard setback where a two foot solid wall with an additional three feet at 50% open is the maximum height permitted. The wall is proposed to be built on lot number one of a four lot subdivision located on the northeast corner of OBannon Drive and Tenaya Way.

An identical Variance (VAR-26069) will be heard for lot four. As this is a self-imposed hardship because a wall can be built to the standards of Title 19.12 on the subject site, staff recommends denial.

BACKGROUND INFORMATION

<i>Related Relevant City Actions by P&D, Fire, Bldg., etc.</i>	
1/07/04	The City Council approved a Vacation (VAC-3255) request to vacate a 33-foot wide U.S. Government Patent Easement generally located north of O'Bannon Drive and east of Tenaya Way. The Planning Commission and Staff recommended approval.
01/07/04	The City Council approved a request for a Special Use Permit (SUP-3254) and a Waiver of Title 18.12.160 (Street Intersection Offset Requirements) for a private street within a proposed single-family residential development on 2.13 acres adjacent to the northeast corner of Tenaya Way and O'Bannon Drive. The Planning Commission and Staff recommended approval.
01/22/04	The Planning Commission approved a request for a Tentative Map (TMP-3458) for a 4 lot single family residential subdivision (Reiss Subdivision) on 2.13 acres adjacent to the northeast corner of Tenaya Way and O'Bannon Drive.
08/19/05	A Request for a Final Map Technical Review (FMP-8254) of Reiss Subdivision for a 4 lot single family residential subdivision on 2.13 acres adjacent to the northeast corner of Tenaya Way and O'Bannon Drive, was approved by the Planning and Development Department. Map recorded on 01/20/2006.
<i>Related Building Permits/Business Licenses</i>	
There are no relevant City actions regarding the licensing or permitting of this property located on the northeast corner of OBannon Drive and Tenaya Way in the Reiss Subdivision.	
<i>Pre-Application Meeting</i>	
11/07/07	Applicant was informed front of lot is narrowest side. The homes on lots one and four will face into the subdivision, which is the wider side of the lots. Advised applicant of submittal requirements and closing and meeting dates.

<i>Neighborhood Meeting</i>	
A neighborhood meeting is not required, nor was one held.	
<i>Field Check</i>	
12/13/07	Retaining walls are currently being built on the lots, six courses at the tallest or approximately four feet.

<i>Details of Application Request</i>	
<i>Site Area</i>	
Net Acres	0.47

Surrounding Property	Existing Land Use	Planned Land Use	Existing Zoning
Subject Property	Residential	DR (Desert Rural)	R-E (Residence Estates)
North	Residential	DR (Desert Rural)	R-E (Residence Estates)
South	Residential	DR (Desert Rural)	R-E (Residence Estates)
East	Residential	DR (Desert Rural)	R-E (Residence Estates)
West	Residential	DR (Desert Rural)	R-E (Residence Estates)

General Plan Compliance

The subject site is located within the Southwest Sector of the General Plan with a DR (Desert Rural Density) land use designation, which allows a maximum density of two developed units per acre. The existing R-E (Residence Estates) zoning district is consistent with the DR designation, and the proposed residential development with private streets is a permitted use with the approval of a Special Use Permit.

Rural Preservation Neighborhood

The subject site falls within a Rural Preservation Neighborhood 330-foot buffer zone. The Rural Preservation Neighborhood designated parcels surround the subject site and are located within the City of Las Vegas. Nevada Revised Statute 278 limits residential development within this 330-foot buffer zone to an average density of three residential dwelling units per acre. The developments proposed density of 1.86 dwelling units per acre is within the parameters of the rural preservation neighborhood legislation.

DEVELOPMENT STANDARDS

Per Title 19.08, the following standards apply:

<i>Standard</i>	<i>Required/Allowed</i>	<i>Provided</i>	<i>Compliance</i>
Min. Lot Size	20,000	20,205	Y
Min. Lot Width	100	71.59 Front 107.36 Rear	N
Min. Setbacks			
• Front	50		N/A
• Side	10		N/A
• Corner	15		N/A
• Rear	35		N/A

ANALYSIS

The subject parcel is within a four lot subdivision and is surrounded by homes on half acre lots. Plans have not been submitted for the detached single-family homes to be constructed on the lots. A 65 foot wide private street provides entrance to the gated subdivision. The street width narrows to 37 feet before ending in a cul-de-sac (Bernadine Court).

The six foot block wall is proposed to be built on lot number one. This lot has frontage on OBannon Drive and Bernadine Court. Title 18.04.230 defines the front of a parcel as the side which has the lesser dimension in width. Thus, the narrow side or front of lot one is on OBannon Drive, where a block wall shall be a maximum of five feet in height consisting of a two foot solid wall with an additional three feet at 50% open. The applicant states when a home is constructed on this lot it will front onto, and have access from the private street (Bernadine Court) and the future homeowner will consider the OBannon side to be the side yard and will want a six foot screen wall on that portion of the lot.

FINDINGS

In accordance with the provisions of Title 19.18.070(B), Planning Commission and City Council, in considering the merits of a Variance request, shall not grant a Variance in order to:

1. Permit a use in a zoning district in which the use is not allowed;
2. Vary any minimum spacing requirement between uses;
3. Relieve a hardship which is solely personal, self-created or financial in nature.

Additionally, Title 19.18.070L states:

Where by reason of exceptional narrowness, shallowness, or shape of a specific piece of property at the time of enactment of the regulation, or by reason of exceptional topographic conditions or other extraordinary and exceptional situation or condition of the piece of property, the strict application of any zoning regulation would result in peculiar and exceptional practical difficulties to, or exceptional and undue hardships upon, the owner of the property, a variance from that strict application may be granted so as to relieve the difficulties or hardship, if the relief may be granted without substantial detriment to the public good, without substantial impairment of affected natural resources and without substantially impairing the intent and purpose of any ordinance or resolution.

No evidence of a unique or extraordinary circumstance has been presented, in that the applicant has created a self-imposed hardship by building a solid six foot wall in the front yard where a maximum height of five feet is allowed. Alternative is to build a block wall in the front yard of lot one which would be in conformance to the Title 19 requirements. In view of the absence of any hardships imposed by the sites physical characteristics, it is concluded that the applicants hardship is preferential in nature, and it is thereby outside the realm of NRS Chapter 278 for granting of Variances.
