ANALYSIS

The proposed rezoning to the C-1 (Limited Commercial) Zoning District is consistent with the existing SC (Service Commercial) General Plan designation. An identical proposal (ZON-3326) was submitted and approved 1/21/04, but expired due to the lack of construction activity. This rezoning request would be consistent with the office and commercial uses to the north and east of the property while serving as a buffer to the single-family residential properties to the south. For these reasons, staff is recommending approval of this request.

FINDINGS

In order to approve a Rezoning application, pursuant to Title 19.18.040, the Planning Commission or City Council must affirm the following:

1. The proposal conforms to the General Plan.

A land use designation of SC (Service Commercial) was approved at the time of the first commercial rezoning on this site. The proposed rezoning to C-1 (Limited Commercial) conforms to this existing land use designation.

2. The uses which would be allowed on the subject property by approving the rezoning will be compatible with the surrounding land uses and zoning districts.

The C-1 (Limited Commercial) Zoning District allows most retail and personal services as well as office developments. Such uses are compatible with the adjacent office and commercial developments along Vegas Drive, and with the municipal golf course to the west.

- 3. Growth and development factors in the community indicate the need for or appropriateness of the rezoning.**

This particular section of Vegas Drive is no longer appropriate for residential development where it does not already exist. The proposed rezoning to C-1 is therefore appropriate.

- 4. Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed zoning district.**

Site access is provided from Vegas Drive, classified by the Master Plan of Streets and Highways as an 80-foot wide Secondary Collector Street. This road will be adequate to meet the traffic demands for any proposed project on this site.
