**ANALYSIS**

The proposed project is located within the Southwest Sector Plan and is located on a parcel with a general plan designation of SC (Service Commercial). A Package Liquor Off-sale Establishment is a permitted use within the C-1 (Limited Commercial) land use designation via a Special Use Permit and compliance to the stated minimum requirements of Title 19.04.

**SUP-25955 - Staff Report Page Three**  
**January 24, 2008 - Planning Commission Meeting**

Title 19.04 Land Use Table, Special Use Permit requirements restricts the location of a Package Liquor - Off-Sale Establishment, through a distance separation limit which precludes such use from locating on property within 400 feet of any church, synagogue, school, child care facility (licensed for more than 12 children), or city park. The subject use will be operated within an existing convenience store located beyond a 400 foot radius of the aforementioned protected uses. Directly west of the subject site is the Angel Park Golf Course with a General Plan designation of PR-OS (Parks/Open Space). A golf course is not considered a city park and does not affect the proposed use. Staff recommends approval.

## **FINDINGS**

In order to approve a Special Use Permit application, per Title 19.18.060 the Planning Commission and City Council must affirm the following:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

The proposed use is compatible with existing surrounding commercial uses.

2. **The subject site is physically suitable for the type and intensity of land use proposed.**

The site is capable of accommodating the proposed use as the project location is an existing developed commercial area with existing surface parking.

3. **Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

Automobile access to the project location is adequate along the existing surface collector streets Durango Drive and Westcliff Drive.

4. **Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

The proposed use will be subject to inspections by local and state regulatory agencies and will therefore not result in detrimental effects to human health and public safety.

5. **The use meets all of the applicable conditions per Title 19.04.**

The proposed use conforms with all applicable Title 19.04 Minimum Special Use Permit Requirements.
