**** STAFF REPORT ****

PROJECT DESCRIPTION

This application is a request for a Special Use Permit to allow a proposed General Retail Store, Other Than Listed (Less than 3,500 Square Feet) use to be located in the Las Vegas Technology Center Planned Business Park. The applicant is seeking to operate a 1,621 square-foot sporting goods store at 6970 Smoke Ranch Road, Suite #110 in the suite adjacent to his oral surgery clinic located in Suite #150.

Staff finds that the location and relatively small size of the proposed General Retail Store, Other Than Listed use will have minimal impact on the surrounding properties. Therefore, staff recommends approval of this request.

ANALYSIS

- **Land Use and Zoning**

The location of this proposal is within the Las Vegas Technology Center (Phase I), in the C-PB (Planned Business Park) Zoning District. Per Title 19.04.010, a General Retail Store, Other Than Listed use that is less than 3,500 square feet is only permitted in the C-PB (Planned Business Park) Zoning District with an approved Special Use Permit. The applicant is seeking to add a General Retail Store, Other Than Listed, (Less than 3,500 square feet) in Suite 110, adjacent to the suite in which he currently operates a Dental Office. The applicant intends to operate a 1,621 square foot sporting goods store. If approved, the entitlement of operating a General Retail Store, Other Than Listed, will be limited to Suite 110 only and will expire if the use ceases for 12 months or more.

- **Site Plan and Parking**

The existing building (Building K) was approved as part of an eight building office development under the Site Development Plan Review (SDR-2034). The original approval required 275 parking spaces for 84,500 square-feet of office space. The proposed General Retail Store, Other Than Listed, (Less Than 3,500 square feet) requires an additional ten spaces based on the parking ratio of one space per 175 square feet of gross floor area. The overall reduction of the Office space from the original 84,500

square-foot approval is calculated at approximately 82,879 square-feet. This requires 277 parking spaces (including handicapped-accessible spaces) based upon the requirement of one space per 300 square feet of Office space. The combined parking requirement of 287 parking spaces is still below the 415 spaces provided. Staff finds that this proposal will have minimal impact on the site regarding access or parking; therefore, we recommend approval.

FINDINGS

In order to approve a Special Use Permit application, per Title 19.18.060 the Planning Commission and City Council must affirm the following:

- 1. The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

As the proposed General Retail, Other Than Listed, (Less Than 3,500 square feet) use is relatively small and will be operated within a two-suite building in which the applicant owns, staff finds that the proposal can be conducted in a manner that is compatible with the adjacent office properties.

- 2. The subject site is physically suitable for the type and intensity of land use proposed.**

The subject site has enough parking and provides adequate access for the relatively small existing 1,621 square-foot suite that will accommodate the proposed General Retail Store. Staff finds that the intended use of a sporting goods store owned and operated by the building owner, who operates an oral surgery clinic in the adjacent suite, to have minimal potential impact on the surrounding business park.

- 3. Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

The subject site is adjacent to Smoke Ranch Road, a 100-foot wide primary arterial, and Cathedral Rock Drive, a 60-foot wide collector street. Both of these roadways have adequately served the existing office development and have the capacity to accommodate the demand of the proposed 1,621 square-foot sporting goods store.

- 4. Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

The proposal is consistent with the objectives of the General Plan and will not, as a result, compromise the public health, safety, and welfare. Additionally, per Article III of the Las Vegas Technology Center Covenants, Conditions, and Restrictions (Phase I), retail uses in support of the primary permitted uses are allowable.

5. The use meets all of the applicable conditions per Title 19.04.

The proposed General Retail Store, Other Than Listed, (Less Than 3,500 square feet) use meets all conditional use regulations in that the applicant is not selling or dispensing automotive fuels, selling alcohol, or performing outdoor storage or sales.
