"Doing things today that will improve tomorrow"

I'm spokesperson for the Charleston Neighborhood Preservation groups regarding
SDR-24484,
ZON-24787 and
SDR-24788.

Last year we spoke regarding similar plans for locations to the East and West central
parts of Las Vegas.

.Today we again adamantly OPPOSE such density of population.

Truly these are cruel, inhumane living arrangements.

We are disappointed that "slums in 2 years" have passed planning and come before our
Mayor and council.

Please vote NO and maintain humane living conditions in the communities of our city.
These plans are unconscionable and irresponsible to offer as habitation for Las Vegas.
Can we point with pride to other states or nations about our sustainability with such
housing as these? They are perfect plans for unhealthy living conditions physically,
mentally and emotionally. The health and welfare of such residents is denied.
