RE: GPA-25383

To Mr. Reed:

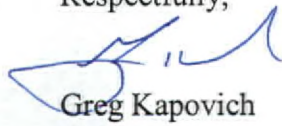

Please accept this letter as justification for a General Plan to amend Map No. 7 of the Centennial Hills Sector Plan to delete an alignment of a proposed Multi-Use Non Equestrian Trail running through Kyle Canyon.

This General Plan Amendment is necessary, as the Kyle Canyon Plan already encompasses a trail plan of its own. The trail plan in Kyle Canyon will also provide the linkages to existing trails in the surrounding areas. The following will take place in the amendment;

- An alignment on Map No. 7 of the Centennial Hills Sector Plan for a proposed multi-use non-equestrian trail adjacent to the West of Log Cabin Way, North side of APN 125-06-002-009 and South Side of APN 125-06-001-001 is to be removed
- Also, a portion North of Grand Teton Drive, South of Kyle Canyon, adjacent to the East of APN 126-12-000-001, and to the West of APNs 125-07-101-006; 125-07-201-001; 125-07-301-001; 125-07-401-001 will be removed.

Please feel free to contact me at 229-6137 with any questions.

Respectfully,

Greg Kapovich
Planner I
City of Las Vegas
