ANALYSIS

This is the second review of the proposed project. Since the previous review on 09/19/07 the applicant has not made significant progress on the proposed project. It is noted that Civil Plans (L-CIVIL-25813) were submitted to staff on 11/30/07; however, at the time of this report they have not been approved for review. A site inspection was conducted by staff on 11/29/07. The results of the inspection found that what the applicant has done is move the illegal signage and containers to the parcel that is under the jurisdiction of Clark County. The applicant has also installed a banner sign on the chain link fence that indicates where the jurisdictional boundary is. Civil Plans were submitted for review on 11/30/07. At the time of this report these plans have not been reviewed. No additional progress has been made toward the completion of the proposed project. Due to the applicants failure to comply with the conditions of approval of the original application denial of this request is recommended.

The following reflect the current state regarding the conditions of approval as of the site inspection and results found on 11/30/07:
