C. A request for an extension that is received by the Las Vegas Field Office, SNPLMA Division Project Specialist after the expiration date will not be honored.

VI. CCR Registration

The recipient shall register and maintain their business information with Dun & Bradstreet and the Central Contractor Registration System.

1. Dun & Bradstreet Number (D&B) registration or maintenance can be done on line at: <http://www.dnb.com> or by calling 800-333-0505.
2. Central Contractor Registration (CCR) registration or maintenance can be done on line at: <http://www.ccr.gov>.

VII. Payments

A. Financial Management Service’s (FMS) - Automated Standard Application for Payment (ASAP) System.

1. Payments under this agreement will be made by the United States Department of Treasury FMS ASAP System. ASAP is a recipient-initiated, on-line payment and information system for Financial Assistance Agreements. The recipient will request federal funds that are due directly from the Federal Reserve Bank.

2. Recipient enrollment in ASAP is accomplished in either of the following ways:

a. Recipients already participating with another Federal agency should only complete only the attached ASAP Participation Request form and fax or mail it to the number or address listed on the form.

b. Recipients not currently enrolled in the ASAP system should complete the attached ASAP Participation Request form and fax or mail it to the number or address listed on the form. The recipient will then receive a Department of Treasury enrollment handbook and enrollment form. The recipient will complete and return those forms to the Department of the Treasury and they will send the recipient the ASAP Passport software along with a CD-ROM tutorial. The Department of Treasury will establish an ASAP Requestor ID for the recipient as well as an Organization Access Code (OAC), User ID, and Password that will serve to segregate the recipient users and their access to certain functions of the on-line system. In addition, the data is encrypted in order to ensure the privacy of the data as it is sent from the user to ASAP.

3. Once the recipient has been assigned an ASAP Requestor ID by the Department of Treasury, the BLM Assistance Officer will create an ASAP Account ID unique to this agreement. The first nine characters will be the agreement number, reference block 8A of agreement cover page; the remaining three characters will identify BLM funding line items.

4. Amounts of drawdown in the ASAP system will be made only in amounts necessary to meet current quarterly disbursement needs once all required documentation is submitted to the BLM SNPLMA Program Officer, the amount budgeted in the quarterly update will be made available in ASAP by the National Business Center and Treasury.

a. Funding will be available for drawdown beginning the first business day of each quarter (or as close to January 1, April 1, and July 1, as possible), with the exception of the first quarter of the fiscal year. Because the BLM's financial systems are unavailable at the start of the fiscal year while BLM completes "closeout" of the prior fiscal year, transfers to local and regional governments for the first quarter will be made after October 1, and no later than October 31. Entities may only drawdown funding that is required to meet the project's immediate need for the budgeted quarter. Instructions on the processing of drawdowns can be found at:
<http://www.fms.treas.gov/asap/index.html>.

b. Amounts for drawdown will be made available at an increment no more frequent than quarterly. Drawdowns may occur as frequently as needed within the subject quarter; however, not to exceed the budgeted amount. Funds available for drawdown should be expended by the end of the quarter in which the amount was budgeted. When not expended, the following quarterly report should detail the circumstances that have caused those funds to remain unexpended. At the end of the quarter, entities will reconcile any over-expenditure or under-expenditure with the next quarterly update.

c. Once funding is available for drawdown, the amounts shall only be allocated to those projects for which the drawdown was budgeted.

d. Purchase funds for land acquisition projects will not be made available for drawdown until BLM

verifies that all required acquisition processes as documented in the Implementation Agreement are complete. The implementing entity will be responsible for coordination with BLM throughout the acquisition process.

B. Project Closeout: In addition to the items required for Reporting Requirements, see section VIII below, the following shall also be submitted to closeout the project.

- a. Notice of Completion and summary of findings.
- b. Contractor and, if appropriate Subcontractor, notice of completion.
- c. The final report/outcome of the planning initiative.

C. Upon closeout, any remaining funds not expended will be de-obligated bilaterally by the GMO and the PD/PI.

VIII. Reporting Requirements

A. Annual Project Plan and Budget

All projects are required to submit an Annual Project Plan (APP), which will be submitted to the SNPLMA Division 15 days prior to the beginning of the new fiscal year that starts October 1. An APP will include the following, which will be consolidated into formatted electronic spreadsheets:

1. Deliverables: Anticipated project accomplishments and milestones for the fiscal year. Quarterly accomplishments will be reported against these deliverables.
2. Annual Quarterly Budget: Projection of quarterly funding needs for the fiscal year.
3. Quarterly Budget: Detail the funding needed for the first quarter of the fiscal year. This will generally be the same as the first quarter of the Annual Quarterly Budget Projection.
4. Project Cost Tracking Worksheet: This worksheet tracks costs incurred on the project over its lifecycle, categorized by expenditure activity (e.g. planning/engineering/design, construction/implementation, direct labor, other necessary costs, etc.). The intent of this form is to demonstrate how project funding is allocated over the project's life.
5. Cover letter, signed by an authorized recipient official, which certifies the following:
 - a. The amount, in total and per project, being requested for drawdown in the following quarter.
 - b. Project compliance with the policies procedures and guidelines in the current SNPLMA Implementation Agreement, project nomination package, and project cooperative agreement.

B. Quarterly Status Report

1. On the 15th of the month, prior to the beginning of the next quarter, the recipient will submit an updated spreadsheet reporting progress on those deliverables detailed in the Annual Project Plan. This update will also allow the recipients the opportunity to revise their quarterly budget request if different from what was projected in the APP. This form will also detail amounts to be requested for reimbursement in the subject quarter. This quarterly update must be submitted for BLM to authorize the next quarterly drawdown.

2. The quarterly status report will include the following:

- a. Quarterly Budget: details the amount needed for the next quarter.
- b. Quarterly Project Status Report detailing the progress on those deliverables identified in the annual project plan.
- c. Project/cost tracking worksheet detailing costs from the previous quarter.
- d. SF-272 Federal Cash Transaction Report, for projects using ASAP.
- e. Cover letter, signed by an authorized recipient official that certifies the following:
 - i. The amount, in total and per project, being requested for drawdown in the following quarter.
 - ii. Project compliance with the policies procedures and guidelines in the current SNPLMA Implementation Agreement, project nomination package, and project cooperative agreement.

C. The Las Vegas Field Office, SNPLMA Division and the Agreement Officer will review the report for patterns of cash expenditures, including accelerated or delayed drawdowns, and will assess whether performance or financial management problems exist. Before submitting FSRs to the Las Vegas Field Office, SNPLMA Division, grantees must ensure that the information submitted is accurate, complete, and consistent with the grantee's accounting system. The Authorized Certifying Official's signature on the FSR certifies that the information in the FSR is correct and complete and that all outlays and obligations are for the purposes set forth in agreement documents, and represents a claim to the Federal government. Filing a false claim may result in the imposition of civil or criminal penalties.

D. Non-compliance: Failure to comply with reporting requirements contained in this Agreement can be considered a material non-compliance with the terms and conditions of the Federal financial assistance. Such non-compliance can result in withholding of future payments, suspension, or termination of the Agreement, recovery of funds paid under the Agreement, and withholding of future Federal financial assistance.

IX. Other Requirements

A. Entities will notify BLM and schedule a consultation meeting with the SNPLMA Program Officer prior to finalization of conceptual design documents. During this consultation meeting, BLM will verify the projects compliance with the context of the approved project. BLM may also periodically perform site visits to verify that "on the ground" progress is consistent with that reported in Quarterly Status Reports.

B. Costs that are determined to be unallowable after disbursement will be deducted from the next quarterly drawdown budget. The recipient will be notified of the discrepancy and may be placed on ASAP Agency Review. In addition, when a project is completed or terminated, any excess funds, which were drawn down by the recipient, shall be returned to the SNPLMA Special Account.

C. Any materials developed for public planning documents or public scoping meetings must include the following conspicuously placed disclosure, "(A portion of the) Funding for the subject project has been provided by the Bureau of Land Management through the sale of public lands as authorized by the Southern Nevada Public Land Management Act."

D. Project sites must include conspicuously placed signage, which states, “(A portion of the) Funding for the subject project has been provided by the Bureau of Land Management through the sale of public lands as authorized by the Southern Nevada Public Land Management Act.”

X. Property Management and Disposition

A. Any BLM furnished property used or other property acquired in meeting the objectives for this Project, including intangible property, such as copyrights and patents, are governed by 43 CFR 12, Subpart C, Section 12.71; Real Property, Section 12.72; Equipment, Section 12.73; Supplies, and Section 12.74; Copyrights.

B. The Federal Government has the right to:

1. Obtain, reproduce, publish or otherwise use the data first produced under this Agreement, and
2. Authorize others to receive, reproduce, publish, or otherwise use such data for Federal purposes.

XI. Key Officials

The individuals listed below are considered to be 'key officials'; essential to coordination and communication between the parties and the work being performed. Either party may designate an alternate to act in the place of the designated key official upon written notice to the GMO.

A. Order of Precedence. Any inconsistency in this Agreement shall be resolved by giving precedence in the following order: (1) 43 CFR Part 12 (2) OMB Circulars and Treasury regulations (3) Agreement sections, documents, exhibits, and attachments (4) the SNPLMA IA (5) and the recipient's project proposal.

B. Amendments. As allowed by 43 CFR Part 12, Subpart 12.70; Changes, this Agreement may be changed through a bilateral amendment prepared by the GMO and signed by the recipient's PD/PI and the GMO. Changes to the Agreement that are administrative in nature may be unilaterally signed by the GMO. An administrative change does not affect the substantive rights of the parties; for example, a change in the pay office. No oral statement made by any person, or written statement by any person other than the GMO, shall be considered to amend or otherwise effect the terms of this Agreement.

Any requests for amendment to the Agreement shall be made in writing. The request shall include a full description of the reason for the amendment. The request shall be sent to the address on Page 1, Block 6. Requests to amend the Project scope, extend the project end date or to provide follow-on funding for continuation of the Project will require advanced approval of the SNPLMA Executive Committee.

C. Budget and Program Plan Revision. The budget plan is the financial expression of the project or program as approved during the award process. Recipients are required to report deviations from budget and program plans and request prior approval for budget and program plan revisions. Recipients are not required to request prior approval for deviations among approved direct cost categories when the cumulative amount of the transfer is less than 10 percent of that cost category. However, the recipient must report any deviation to the GMO and PO.

D. Audit Requirements. As specified in 43 CFR 12, Subpart C, Section 12.66; Non-federal audit, recipients are responsible for obtaining audits. Audits shall be made by an independent auditor in accordance with generally accepted government auditing standards covering financial audits. Additional information on single audits is available from the Federal Audit Clearinghouse at: <http://harvester.census.gov/sac>.

E. Metric Conversion. All performance and final reports, other reports, or publications, produced under this Agreement, shall employ the metric system of measurements to the maximum extent practicable. Both metric and inch-pound units (dual units) may be used if necessary during any transition period(s). However, the recipient may use non-metric measurements to the extent the recipient has supporting documentation that the use of metric measurements is impracticable or is likely to cause significant inefficiencies or loss of markets to the recipient, such as when foreign competitors are producing competing products in non-metric units.

F. Officials Not to Benefit. No member of or delegate to Congress, or resident commissioner, shall be admitted to any share or part of this Agreement or to any benefit arising from it. However, this clause does not apply to this Agreement to the extent that this Agreement is made with a corporation for its general benefit.

G. Deposit of Publications. Two (2) copies of each applicable publication produced under this Agreement shall be sent to the Natural Resources Library with a transmittal that identifies the sender and the publication, and states that the publication is intended for deposit in the Natural Resources Library. Publications shall be sent to the following address:

U.S. Department of the Interior
Natural Resources Library
Interior Service Center
Gifts and Exchanges Section
1849 C Street, N.W.

Acceptance is defined as the start of work, drawing down funds, or accepting the award via electronic means. This Agreement incorporates by reference the 'Standard Award Terms and Conditions', Department of the Interior, with full force and effect as though set forth in full text.

C. The recipient shall maintain comprehensive liability insurance for bodily injury and property damage subject to the usual and customary policy conditions. In addition, the recipient shall maintain its current accidental health, dismemberment, and injury insurance for all their employees or volunteers within the provisions set forth in NRS 41.0305 through NRS 41.0339.

D. The BLM has the right to inspect and evaluate the work performed or being performed under this Agreement, and the premises where the work is being performed, at all reasonable times and in a manner that will not unduly delay the work. If the BLM performs inspection or evaluation on the premises of the recipient or a sub-recipient, the recipient shall furnish and shall require sub-recipients to furnish all reasonable facilities and assistance for the safe and convenient performance of these duties.

E. Compliance with Buy American Act.

1. Pursuant to sec. 307 of the Omnibus Consolidated Appropriations Act of 1997, Public Law 104-208, 110 Stat. 3009, in the case of any equipment or product that may be authorized to be purchased with financial assistance provided using funds made available in this act, it is the sense of the Congress that entities receiving the assistance should, in expending the assistance, purchase only American-made equipment and products.

2. Recipient agrees to follow the requirements in 43 CFR Part 12, Subpart E; Buy American Requirements for Assistance Programs.

F. Opposition to Any Legislation. In accordance with the Department of the Interior, Environment, and Related Agencies Appropriations Act, 2006, Title IV, Section 402, no part of any appropriation contained in this Act shall be available for any activity or the publication or distribution of literature that in any way tends to promote public support or opposition to any legislative proposal on which Congressional action is not complete other than to communicate to Members of Congress as described in 18 U.S.C. 1913.

G. Endorsements. Recipient shall not publicize or otherwise circulate, promotional material (such as advertisements, sales brochures, press releases, speeches, still and motion pictures, articles, manuscripts or other publications) which states or implies Governmental, Departmental, Bureau, or government employee endorsement of a product, service, or position which the recipient represents. No release of information relating to this award may state or imply that the Government approves of the recipient's work products, or considers the recipient's work product to be superior to other products or services.

All information submitted for publication or other public releases of information regarding this project shall carry the following disclaimer:

“The views and conclusions contained in this document are those of the authors and should not be interpreted as representing the opinions or policies of the U.S. Government. Mention of trade names or commercial products does not constitute their endorsement by the U.S. Government.”

Recipient must obtain prior Government approval for any public information releases concerning this award, which refer to the Department of the Interior or any Bureau or employee (by name or title). The specific text, layout photographs, or any other content of the proposed release must be submitted with the request for approval.

A recipient further agrees to include this provision in a sub-award to any sub-recipient, except for a sub-award to a State government, a Local government, or to a federally recognized Indian tribal government.

H. Retention and Access Requirements for Records. All recipient financial and programmatic records, supporting documents, statistical records, and other grants-related records shall be maintained and available for access in accordance with 43 CFR 12 Subpart C, Section 12.82; Retention and access requirements for records.

I. Increasing Seat Belt Use. Recipients of grants/cooperative Agreements and/or sub-awards are encouraged to adopt and enforce on-the-job seat belt use policies and programs for their employees when operating company-owned, rented, or personally owned vehicles. These measures include, but are not limited to, conducting education, awareness, and other appropriate programs for their employees about the importance of wearing seat belts and the consequences of not wearing them.
