Minutes:

No motion required. A presentation was made.

MAYOR GOODMAN called forward and recognized JOSEPH MARCELLA, Director of Information Technologies, for his recent accomplishment, which has given many people access to City government. The Mayor proclaimed March 19, 2008, to be Joseph Marcella Day and presented MR. MARCELLA with a proclamation, as well as senatorial recognition from SENATOR JOHN ENRIGN.

MR. MARCELLA, who was joined by his family, said that the award belongs to the City, because it has been the Councils commitment to growth and to becoming a better city that has pushed for improvements in technology. He gave thanks to his family for supporting his work, despite the many hours he spends away from home, and to the local citizens for not being shy about expressing what they want from government.
