**\*\* STAFF REPORT \*\***

**PROJECT DESCRIPTION**

This is a request for a Special Use Permit for a proposed 3,200 square-foot Restaurant with Drive through located on 5.1 acres at the northwest corner of Durango Drive and Deer Springs Way.

In addition to this application, the applicant has requested a Modification of a Major Modification (MOD-27044) of the Town Center Land Use Plan from UC-TC (Urban Center Mixed Use - Town Center) to GC-TC (General Commercial - Town Center), a Site Development Plan Review (SDR-27051) for a 41,741 square-foot retail and office development with Waivers to allow an eight-foot landscape buffer where a 15-foot buffer is required on Durango Drive, a 15-foot setback where a 20-foot setback is required for a gas station, and Town Center landscape finger requirements within the parking area, and Special Use Permits for a Liquor Establishment [Tavern (SUP-27046)], a Convenience Store with Fuel Pumps (SUP-27048), and a Beer/Wine/Cooler Off-Sale Establishment in conjunction with Convenience Store (SUP-27049).

Please note that the Special Use Permit applications for a Liquor Establishment [Tavern (SUP-27046)] and Beer/Wine/Cooler Off-Sale Establishment in conjunction with a Convenience Store (SUP-27049) are permitted with a Special Use Permit in UC-TC (Urban Center Mixed Use). However, this applications proposal for a Restaurant with Drive-Through and Convenience Store with Fuel Pumps (SUP-27048) are not permitted in UC-TC (Urban Center Mixed Use), but are permitted with a Special Use Permit in GC-TC (General Commercial Town Center), which is in part, the applicants cause for the Major Modification (MOD-27044) request.

**ANALYSIS**

**•Zoning**

The subject site is currently zoned T-C (Town Center) with a UC-TC (Urban Center Mixed Use) General Plan designation. The proposed Restaurant with Drive-through is not within the range of uses permitted with a Special Use Permit in the T-C (Town Center) zoning district and UC-TC (Urban Center Mixed Use) land use designation. Therefore, the applicant has requested a Modification of a Major Modification (MOD-27044) of the Town Center Land Use Plan from UC-TC (Urban Center Mixed Use - Town Center) to GC-TC (General Commercial - Town Center), which allows a Restaurant with Drive-through with a Special Use Permit.

Companion applications are a Site Development Plan Review (SDR-27051) for a 41,741 square-foot retail and office development with Waivers to allow an eight-foot landscape buffer where a 15-foot buffer is required on Durango Drive, a 15-foot setback where a 20-foot setback is required for a gas station, and Town Center landscape finger requirements within the parking area, and Special Use Permits for a Liquor Establishment [Tavern (SUP-27046)], a Convenience Store with Fuel Pumps (SUP-27048), and a Beer/Wine/Cooler Off-Sale Establishment in conjunction with Convenience Store (SUP-27049).

**SUP-27047 - Staff Report Page Five**  
**April 10, 2008 - Planning Commission Meeting**

Please note that the Special Use Permit applications for a Liquor Establishment [Tavern (SUP-27046)] and Beer/Wine/Cooler Off-Sale Establishment in conjunction with a Convenience Store (SUP-27049) are permitted with a Special Use Permit in UC-TC (Urban Center Mixed Use). However, this applications proposal for a Restaurant with Drive-Through and Convenience Store with Fuel Pumps (SUP-27048) are not permitted in UC-TC (Urban Center Mixed Use), but are permitted with a Special Use Permit in GC-TC (General Commercial Town Center), which is in part, the applicants cause for the Major Modification (MOD-27044) request.

•Use

The proposed Restaurant with Drive-through will be constructed in conjunction with a fast food restaurant on the subject site.

•Conditions

The conditions of approval for Restaurant (Fast Food) with Drive-through in Town Center are as follows.

1. When part of a larger structure, standard setback requirements shall apply to the fast food business.
2. When fast food buildings are freestanding structures, they shall be setback an additional 10 feet from the required setback to provide a more substantial landscape buffer.
3. To further enhance the presence of fast food enterprises, drive-thru lanes shall not wrap around more than three sides of the building, and cannot encroach upon the required landscaping.
4. Outdoor dining areas may encroach into the required additional 10-foot wide landscaped area.

The applicant meets all these conditions expressed in the Town Center Standards Manual.

**FINDINGS**

The following findings must be made for a Special Use Permit:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

**SUP-27047 - Staff Report Page Six**  
**April 10, 2008 - Planning Commission Meeting**

As a companion application, the applicant has requested a Modification of a Major Modification (MOD-27044) of the Town Center Land Use Plan from UC-TC (Urban Center Mixed Use - Town Center) to GC-TC (General Commercial - Town Center), which allows a Restaurant with Drive-through with a Special Use Permit. The existing land uses that surround this develop are designated UC-TC (Urban Center Town Center). The intent of the Urban Center Mixed Use District is to enable development with imaginative site and building design and maximize the use of the property. The Town Center Development Standards prohibit Drive-Through Facility uses within the UC-TC (Urban Center Town Center) special land use designation. The applicant has created a non-pedestrian friendly environment and a vehicular dependent commercial center saturated with Drive-Through Facilities. Therefore, the proposed land use is seen as not being harmonious with the surrounding area.

**2. The subject site is physically suitable for the type and intensity of land use proposed.**

The Major Modification (MOD-27044) and Site Development Plan Review (SDR-27051) are not suitable for the type and intensity of land use proposed; therefore, the request for a Restaurant with Drive-through is not suitable.

**3. Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

The subject property fronts on Durango Drive, which is designed as a 120-foot wide Primary Arterial street on the Master Plan of Streets and Highways, and accesses Deer Springs Way, which is designated as an 80-foot wide Secondary Collector street. Access is also proposed to a local street along the north side of the property. Deer Springs Way will provide adequate access to the development.

**4. Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

A Restaurant with Drive-through use will be subject to regular City and County inspections for licensing; therefore, public health, safety, and welfare will not be compromised.
