**\*\* STAFF REPORT \*\***

**PROJECT DESCRIPTION**

This is a request to amend a portion of the Southeast Sector Plan of the General Plan from SC (Service Commercial) to LI/R (Light Industrial/Research) on approximately 2.86 acres adjacent to the northeast corner of Las Vegas Boulevard and Searles Avenue. The proposed change of designation to LI/R (Light Industrial/Research) is consistent with the heavy manufacturing use proposed for this property. Therefore, staff recommends approval of this amendment.

**BACKGROUND INFORMATION**

<b><i>Related Relevant City Actions by P&amp;D, Fire, Bldg., etc.</i></b>	
04/21/04	The City Council approved a Rezoning (ZON-3888) request to change multiple zoning districts, including the for subject site, from M (Industrial), C-M (Commercial/Industrial), C-2 (General Commercial) and C-V (Civic) to C-M (Commercial/Industrial), C-2 (General Commercial), C-1 (Limited Commercial), R-3 (Medium Density Residential), and C-V (Civic) on properties generally located within the area bounded by Washington Avenue, Owens Avenue, the Union Pacific Railroad and Bruce Street. The Planning Commission and staff recommended approval.
05/17/06	The City Council approved a General Plan Amendment (GPA-9219) request to change the land use designation to C (Commercial), MXU (Mixed Use), LI/R (Industrial) or PF (Public Facilities) on various parcels located within the proposed Las Vegas Redevelopment Plan area and within the proposed Redevelopment Plan expansion area. The Planning Commission and staff recommended approval.
<b><i>Related Building Permits/Business Licenses</i></b>	
There are no relevant building permits or business licenses related to the site or request.	
<b><i>Pre-Application Meeting</i></b>	
02/04/08	A pre-application meeting was held and elements of this application were discussed. Location map and submittal requirements were discussed.
<b><i>Neighborhood Meeting</i></b>	
03/12/08	A neighborhood meeting was held at the Anderson Dairy, 801 Searles Avenue. No members of the public attended. Two representatives of the applicant and a staff member from the Planning and Development Department were in attendance.

**April 24, 2008 - Planning Commission Meeting**

<b>Field Check</b>	
3/21/08	The Department of Planning and Development conducted a site visit which found that the site is fully developed. Interior site maintenance and landscaping has generally been kept up although there was a small amount of trash and debris collected at the edges of the site at the perimeter fence.

Proposed: LI/R (Light Industrial/Research)	n/a	n/a

**ANALYSIS**

The request is for a General Plan Amendment from SC (Service Commercial) to LI/R (Light Industrial/Research) on a 2.86 acre parcel located on the Southeast Sector Map of the General Plan. The proposed designation allows areas appropriate for clean, low-intensity (non-polluting and non-nuisance) industrial uses, including light manufacturing, assembling and processing, warehousing and distributions, and research, development and testing laboratories. Typical supporting and ancillary general uses are also allowed. This category may also allow mixed-use development with a residential component as a transition to less-intense uses where appropriate. The project proposes a light manufacturing facility for the bottling of consumer water products at the northeast corner of Las Vegas Boulevard and Searles Avenue.

The parcel is within the boundaries of the Las Vegas Redevelopment Plan Area, with a LI/R (Light Industrial/Research) land use designation. The proposed use is in conformance with Redevelopment Plan policies that encourage investment by the private sector in redevelopment in this area of the City. The proposed development is in compliance with the LI/R (Light Industrial/Research) designation.

The proposed General Plan Amendment supports the goals and objectives of the Las Vegas 2020 Master Plan. Specifically, the proposal is in keeping with Goal 4, which states that the economy of the City of Las Vegas, while continuing to be strongly based on the gaming and tourism industries, will broaden to include other business sectors that can take advantage of the locational, climatic and work force advantages offered by Las Vegas. This goal is supported by Objective 4.1, which calls for the City to improve the economic resource base within the City by diversifying the range of business opportunities. Specifically, Policy 4.1.6 calls for the greater Downtown, including West Las Vegas, be recognized as an area of special emphasis and priority with regard to economic development opportunities and Policy 4.1.9 requests that the City continue to encourage and promote a business retention strategy with regard to the businesses which currently operate within the City of Las Vegas. The proposed expansion of the neighboring business into the existing facilities on the subject site for the purpose of increasing the range of products manufactured in the area is supported by the above General Plan policies and therefore the Amendment is appropriate.

**GPA-27024 - Staff Report Page Four**  
**April 24, 2008 - Planning Commission Meeting**

This General Plan Amendment has been submitted in conjunction with a Rezoning (ZON-27025) to change to a C-M (Commercial/Industrial) zoning district and a Special Use Permit (SUP-27026) to allow a Manufacturing, Heavy use.

The LI/R (Light Industrial/Research) General Plan designation is generally compatible with the existing and future industrial and civic development in the area; therefore, staff supports this General Plan Amendment.

### **FINDINGS**

Section 19.18.030.I of the Las Vegas Zoning Code requires that the following conditions be met in order to justify a General Plan Amendment:

1. The density and intensity of the proposed General Plan Amendment is compatible with the existing adjacent land use designations,
2. The zoning designations allowed by the proposed amendment will be compatible with the existing adjacent land uses or zoning districts,
3. There are adequate transportation, recreation, utility, and other facilities to accommodate the uses and densities permitted by the proposed General Plan Amendment; and
4. The proposed amendment conforms to other applicable adopted plans and policies that include approved neighborhood plans.

#### **In regard to 1:**

The proposed General Plan Amendment to LI/R (Light Industrial/Research) allows areas appropriate for clean, low-intensity (non-polluting and non-nuisance) industrial uses, including light manufacturing, assembling and processing, warehousing and distributions, and research, development and testing laboratories. Typical supporting and ancillary general uses are also allowed. The adjacent designations include PF (Public Facilities) to the south and west and LI/R (Light Industrial/Research) to the north and east, which are compatible with the proposed designation.

**GPA-27024 - Staff Report Page Five**  
**April 24, 2008 - Planning Commission Meeting**

**In regard to 2:**

The zoning district applicable under the proposed General Plan designation is a C-M (Commercial/Industrial) or M (Industrial) district. The applicant has requested a zone change to C-M (Commercial/Industrial) which is compatible with existing adjacent land uses and zoning districts.

**In regard to 3:**

There are adequate facilities to accommodate a heavy manufacturing facility at this location due to the proximity to sufficient roadways and necessary services as this is an existing site with a new use proposed.

**In regard to 4:**

The proposed change will bring the General Plan and the Redevelopment Plan into synch with regard to the future land use expectations for the subject site.
