

JUSTIFICATION LETTER  
SKIN GAME TATTOOS  
1104 FREMONT ST.  
LAS VEGAS, NV. 89104

I am the owner of Skin Game Tattoos and I am submitting this letter requesting permission to open and operate my business in compliance within the guidelines of a Special Use Permit. I will be providing the services as follows: providing tattoos to customers using only new needles and tubes also doing body piercing using new needles each time as well. I am guaranteeing my customers and state of Nevada a safe and sterile working environment. Before opening we will contract with a Bio Hazardous waste company to pick up our used BD Sharps containers which are placed throughout the tattoo and piercing stations. We use two methods of sterilization for our clamps and forceps: A dry heat and steam heat autoclave in addition to a chemical pre soak. I am OSHA certified and a trained CPR card holder.

I have been in the Tattoo and Body modification industry for seven (7) years and served as an apprentice for three (3) years prior to that. My husband has been in the industry for twenty years and is a premiere artist and has trained several artists to become headliners themselves. We currently operate and manage four (4) tattoo shops in California. We have a solid customer base in California and have many customers that have traveled from Nevada, Arizona and beyond giving us the courage to expand our business to the downtown Las Vegas area.

Our hours of operation will be Mon-Fri 9am to 5pm and Sat & Sun 10am to 10pm. My goal is to generate revenue through tourism and local patronism and become a fully functioning business owner in the heart of downtown Las Vegas.

In closing I would like to thank the city of Las Vegas for the consideration of application from Skin Game Tattoos for the use of a Special Use Permit.

Sincerely,

  
Kamellegh Hadee
