To whom it may concern:

We the owners of *Shish Kabob Palace* are requesting this variance in parking because we feel that the number of parking spaces needed to operate our business are unnecessary. Our restaurant consists of mainly carry-out and delivery and the small area we have in the front will be mainly just waiting. I think that it is very possible to work with the spaces we have. Our business has been on hold right now for about a year and within that year rent is being paid. I think that if we can resolve this matter with the parking as soon as possible it will better everyone. **If You should have any further questions please do not hesitate to contact us at the number provided above.** We thank you in advance for your consideration of this variance.

Thank You,

Haddad Haddad
