No Impact **Augmentation Required**
 Budget Funds Available

Amount: \$1,653,600

Funding Source: CCRFCFD

Dept./Division: PW/City Engineer

PURPOSE/BACKGROUND:

The Clark County Regional Flood Control District and the City of Las Vegas executed an Interlocal Contract on February 9, 2006 for design engineering and environmental mitigation associated with the Brent Lane and Tule Springs Detention Basins project. The First Supplemental Interlocal Contract to increase design funding, and include a line item for aesthetic enhancements, was approved on September 14, 2006. A Master Plan Amendment was approved on February 8, 2007 to extend and enlarge the Racel Street Collector Planning Area. The Second Supplemental Interlocal Contract added Racel Facilities RACO 0000 and RACO 0064 to the scope of the project, increased engineering design funding for this addition and extended the date of completion to April 12, 2009. This Third Supplemental Interlocal Contract will request the formal name change of this project to North and South Environmental Enhancement Areas at Floyd Lamb Park and also request additional engineering design funding that is needed to complete a bid ability and constructability review, consistent with state law.
