**PURPOSE/BACKGROUND:**

The City of Las Vegas in cooperation with the Las Vegas Sculpture Park is designing and constructing a unique urban park in the heart of 18b, the downtown arts district. The park, featuring a world class interactive sculpture by internationally recognized artist, Jaacov Agam, will be located on a one block section of Boulder Avenue from Main Street to First Street.

The proposed \$50,000 grant from the Las Vegas Convention and Visitors Authority (LVCVA) will provide funding to support components related to the design and fabrication of the artwork, its engineering, assembly and installation. The site of this project is considered the epicenter of the Arts District which plays an important role in the development of downtown. The Arts District has emerged as a key destination for those seeking a Las Vegas arts experience and this sculpture will stand as a unique cultural landmark in that neighborhood.
