6. All City Code requirements and design standards of all City departments must be satisfied, except as modified herein.

**** STAFF REPORT ****

PROJECT DESCRIPTION

This is a request for a Special Use Permit for a proposed Beer/Wine/Cooler On-Sale Establishment in an approved restaurant located at 8001 North Durango Drive, Suite #110. This request would allow the existing restaurant to serve beer, wine and wine coolers with meal service in the C-1 (Limited Commercial) zoning district.

The justification letter indicates that the applicant intends the restaurant to be a one of a kind for this franchise by having beer and wine available to be served with the food. Located within a 1,979 square foot space, seating is available for approximately 24 customers. Sufficient on-site parking is adjacent to this building and throughout the commercial center parking lot. The approved restaurant meets the Title 19 requirements for a Beer/Wine/Cooler On-Sale Establishment use; therefore, staff recommends approval of this request.

- * The request is to allow Beer/Wine/Cooler On-Sale within a restaurant that is currently operating. The restaurant does not cause the commercial center to be out of compliance with current parking standards, the addition of Beer/Wine/Cooler On-Sale will not increase the number of spaces that have already been approved.

ANALYSIS

The subject site is located on the Centennial Hills Sector Map of the General Plan. The site is designated as PCD (Planned Community Development). This category allows for a mix of residential uses that maintain an average overall density ranging from two to eight dwelling units per gross acre, depending upon compatibility with adjacent uses (e.g. development with a density of two units per acre will be required when adjacent to DR designated property). In addition, commercial, public facilities and office projects may be used as buffers (depending on compatibility issues) within the PCD (Planned Community Development). The site is within a C-1 (Limited Commercial) zoning district. The proposed Beer/Wine/Cooler On-sale Establishment use is permissible with the approval of this request and would then be consistent with the established PCD (Planned Community Development) General Plan designation and C-1 (Limited Commercial) zoning district.

In accordance with Title 19.04.010, operational requirements for a Beer/Wine/Cooler On-Sale Establishment include: 1) An establishment whose license to sell alcoholic beverages is limited to the sale of beer, wine and coolers for consumption only in connection with a meal on the premises where the same is sold; 2) And is operated in connection with a restaurant in which 45 or more people may be served with meals at any one time at tables or stools.

Minimum Requirements of Approval for a Beer/Wine/Cooler On-Sale Establishment use in a C-1 (Limited Commercial) zoning district are:

- *1. Except as otherwise provided, no beer/wine/cooler off-sale establishment (hereinafter establishment) shall be located within 400 feet of any church, synagogue, school, child care facility licensed for more than 12 children, or City park.
- *2. Except as otherwise provided in Requirement 3 below, the distances referred to in Requirement 1 shall be determined with reference to the shortest distance between two property lines, one being the property line of the proposed establishment which is closest to the existing use to which the measurement pertains, and the other being the property line of that existing use which is closest to the proposed establishment. The distance shall be measured in a straight line without regard to intervening obstacles. For purposes of measurement, the term property line refers to property lines of fee interest parcels and does not include the property line of:
 - a. Any leasehold parcel; or

- b. Any parcel which lacks access to a public street or has no area for onsite parking and which has been created so as to avoid the distance limitation described in Requirement 1.
- *3. In the case of an establishment proposed to be located on a parcel of at least 80 acres in size, the minimum distances referred to in Requirement 1 shall be measured in a straight line:
- a. From the nearest property line of the existing use to the nearest portion of the structure in which the establishment will be located, without regard to intervening obstacles; or
 - b. In the case of a proposed establishment which will be located within a shopping center or other multi-tenant structure, from the nearest property line of the existing use to the nearest property line of a leasehold or occupancy parcel in which the establishment will be located, without regard to intervening obstacles.
4. When considering a Special Use Permit application for an establishment which also requires a waiver of the distance limitation in Requirement 1, the Planning Commission shall take into consideration the distance policy and shall, as part of its recommendation to the City Council, state whether the distance requirement should be waived and the reasons in support of the decision.
5. The minimum distance requirements in Requirement 1 do not apply to:
- a. An establishment which has a nonrestricted gaming license in connection with a hotel having 200 or more guest rooms on or before July 1, 1992 or in connection with a resort hotel having in excess of 200 guest rooms after July 1, 1992; or
 - b. A proposed establishment having more than 50,000 square feet of retail floor space.
- *6. All businesses which sell alcoholic beverages shall conform to the provisions of LVMC Chapter 6.50.

Pursuant to Title 19.04, the following minimum separation requirements apply to the subject proposal: a Beer/Wine/Cooler On-Sale Establishment use may not be located within 400 feet of any church, synagogue, school, child care facility licensed for more than 12 children, or City Park. The restaurant use is located in a suite within a commercial subdivision. The proposed Beer/Wine/Cooler On-Sale Establishment use is greater than 400 feet from any of the protected uses. Therefore, it meets the minimum distance separation requirement.

The proposed Beer/Wine/Cooler On-Sale Establishment use meets the minimum requirements of approval per Title 19.04. Therefore, staff is recommending approval of this special use permit.

FINDINGS

In order to approve a Special Use Permit application, per Title 19.18.060 the Planning Commission and City Council must affirm the following:

- 1. The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

The project is compatible with the General Plan designation and is located within an existing commercial center. The proposed use can be conducted in a manner that is harmonious and compatible with the surrounding uses.

- 2. The subject site is physically suitable for the type and intensity of land use proposed.**

The proposed Beer/Wine/Cooler On-Sale Establishment use will be located in an operating restaurant within a small commercial center. There is not evidence of a physical constraint to the proposed use on the subject site.

- 3. Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

Site access is provided from Grand Teton Drive, a 120-foot Parkway Arterial, and Durango Drive, a 100-foot Primary Arterial. These streets provide adequate access to and from the subject property.

- 4. Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

Approval of this special use permit should not compromise public health, safety, or welfare as the proposed Beer/Wine/Cooler On-Sale use will be subject to regular inspections.

- 5. The use meets all of the applicable conditions per Title 19.04.**

The proposed Beer/Wine/Cooler On-Sale use in conjunction with an existing restaurant complies with the conditions per Title 19.04.
