\*The proposed use will be located within an existing retail building site with associated surface parking and no expansion of the existing facility is proposed. The project location is considered parking impaired pursuant to Title 19.10.

**ANALYSIS**

The proposal is to allow a Beer/Wine/Cooler Off-Sale use at a proposed commercial (grocery store) establishment. The square footage for the liquor sales shelf section will be less than 5 percent of the floor area for the proposed grocery store, as 292.5 square feet of floor display area will be dedicated to alcohol products.

A business license (L15-00100), to allow the sale of alcoholic beverages in original sealed or corked containers for consumption off the premises, was issued for the current business at this location on 06/14/1999, and is active at this time. Once the existing business closes the license will expire as per Title 19.18.060 - Special Use Permit Requirements [P.4 (a)] a Special Use Permit shall be void without further action if the Special Use Permit was issued for alcoholic beverage use and such use ceases for one hundred and eighty days or more. This application for a Special Use Permit for the Beer/Wine/Cooler Off-Sale use is being requested as the applicant is tentatively scheduling the commencement of store operations in December 2008. A new license will be applied for at that time.

In accordance with Title 19.04 the proposed Retail Establishment with Beer/Wine/Cooler-Off-sale use does not require additional parking over and beyond that of the primary use General Retail (Grocery Store). The existing 17,372 square foot retail site contains a total of 72 parking spaces. Current Title 19.04 parking standards for General Retail use requires 1 parking space for every 175 square feet of floor area (100 spaces required). No new development or expansion is proposed for the existing commercial building. The project site is considered parking impaired pursuant to Title 19.10.010 Section C.

## **FINDINGS**

The following findings must be made for a Special Use Permit:

- 1. The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

The proposed Beer/Wine/Cooler Off-Sale Establishment use can be implemented at the project site in such a way as to complement surrounding residential and commercial uses.

- 2. The subject site is physically suitable for the type and intensity of land use proposed.**

The project site is developed with an existing commercial building with associated parking. The proposed use will operate on a site that is considered parking impaired under Title 19.10.010 Section C.

- 3. Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

The project site currently has vehicular access along Jones Boulevard and Vegas Drive. Street facilities are adequate in this area.

**4. Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

The proposed use is subject to regulations set forth by the City of Las Vegas and the State of Nevada. The project conforms to the minimum use requirements for alcohol beverage sales contained in Title 19.04, and in addition must conform with Section 6.50 of the Municipal Code as well Section 268.090 of the Nevada Revised Statutes which further governs the operation of liquor sales operations.

**5. The use meets all of the applicable conditions per Title 19.04.**

The proposed use meets all conditions set forth under Title 19.04.
